The Three P's of Planning for Retirement

Although preparing for retirement may seem like just another task on your growing to-do list, you can prepare for that period of your life now. By working with your financial advisor today, you can address the three aspects of a retirement strategy: planning for the expected, preparing for the unexpected and positioning your portfolio for both. It's never too early or too late to start planning for the future, so contact your financial advisor today.

The Gift That Keeps Giving

This year, consider giving that special child on your holiday list a gift that will provide a lifetime of opportunities by contributing to his or her college savings plan. The cost of a college education is rising, but you can help make the future a bit brighter by gifting up to \$13,000 this year per beneficiary. Call your financial advisor to learn about the many options to save.
