Reminder about Muni Bonds

Speculation exists about increasing defaults and downgrades for municipal (muni) bonds. In general, we don't believe investment-grade quality bonds will experience this. Municipalities at the greatest risk continue to be those that are below investment-grade or borderline investment-grade quality. We believe the best approach is to own quality bonds, diversify and keep a long-term perspective. For more details, talk to your financial advisor and read our related report at www.edwardjones.com/muni.
