Put the Power of Dividends to Work for You

If you don't own dividend-paying stocks, you may be missing an opportunity to reinvest money into your portfolio. Past performance doesn't guarantee future results, but historically speaking, dividend-paying stocks have provided a better return over time than non-dividend-paying stocks. Contact your financial advisor for details. Dividends may be changed or eliminated at any point without notice. Stock investing involves risk. The value of your shares will fluctuate and you may lose principal.

Important Tax Information

All 2013 1099 tax statements have been sent. If you received a "Figures Not Final" 1099 and you hold CMOs, REMICs, unit investment trusts, HOLDR trusts or royalty trust securities, you may receive your final 1099 in late March. Issuers of these securities have until March 15 to provide us with final tax data. Visit www.edwardjones.com/taxcenter for more information about your Edward Jones tax forms.

Preparing for Retirement: A Successful Foundation

Preparing for retirement is like a cross-country journey. While it may seem like a long distance to cover, every journey begins with a first step. The earlier you start, the smaller your steps need to be to reach your destination. Now is the time to create a strategy to help work toward your retirement goals.

Plan for the Expected

This process begins with your vision of retirement, which includes when you want to retire and your desired retirement lifestyle. You and your Edward Jones financial advisor will begin by focusing on where you are today - your income, expenses, assets and debt - and where you want to be. He or she can then help you develop a strategy designed to help you pursue your goals.

Prepare for the Unexpected

Although you can't predict what will happen, you can still prepare by insuring anything too expensive to replace, including yourself and your income, health and home. How much insurance you need depends on your situation. We recommend having enough life insurance to cover expenses should you pass away. This includes replacing lost income and paying such debts as college expenses and your mortgage.

The amount and type of insurance you need change as your life changes, so it's important to review your insurance coverage regularly to make sure you're properly protected and not insuring something you no longer have or need.

Position Your Portfolio for Both

The foundation of a solid investment strategy is based on the investment principles of quality, diversification and a long-term focus. Our goal is to use these principles to help you build a portfolio that includes the investments necessary to help you work toward achieving your goals and the insurance necessary to help protect you from risk.

Your Edward Jones financial advisor can meet with you to outline your vision for retirement and then help you create a strategy to help you work toward reaching your retirement goals.
