PAYMENTS ONLY**

If Federal Income Taxes have been withheld from the payments you are receiving and if you do not wish to have taxes withheld, please let us know. However, if you elect not to have withholding apply to your payments, or if you do not have enough Federal Income Tax withheld from your payment, you may be responsible for payment of estimated tax. You may incur penalties under the estimated tax rules if your withholding and estimated tax payments are not sufficient. Withholding is merely a method of paying taxes which you owe and therefore does not change your total liability.

If Federal Income Taxes are not being withheld from your payment because you have elected not to have withholding apply and if you wish to revoke that election and have Federal Income Taxes withheld from your payments, please let us know.

Payments made to United States citizens and delivered to an address outside the United States may be subject to federal withholding tax. The recipient is not allowed to elect out of federal tax withholding. Unless there is an election on file, the standard withholding amount for periodic payments is based on married with three withholding allowances. Generally, payments made to Non-Resident Aliens are subject to a 30% United States federal tax withholding. To the extent that some non-resident aliens are resident in countries that have reduced withholding rates pursuant to tax treaties with the United States, lower withholding rates would be applied. In order to withhold taxes at a lower rate, we must have a valid W8-BEN form on file for the person or entity to which the payment was made. Failure to complete a valid W8-BEN will result in a 30% tax withholding from the payment.
