Subject: Brunsting pre-litigation discovery

To: Ms. Bobbi Bayless

Hi Bobbi,

As we discussed yesterday, I have been awaiting confirmation that there are no account names in our databases that relate to parties named in your pre-litigation discovery request. I now have confirmation from individuals that have access to such databases that there are None.

In our conversation, I mentioned the only information we have was furnished to us by some of the Brunsting Family; it consists of a copy of the trust agreement and a few brief notes entered by Wayne Baker.

We both agreed that the simplest way to get this evidence in the case is for me to sign an affidavit stating that everything in Frost's possession is appended to the affidavit, essentially entering it as a business record made in the ordinary course of business. If this is okay, please forward the affidavit; after a quick review, we will execute it and return it to you.

Thank you for your cooperation in this matter.

Yours truly,

discovery

Gene--I have attached the draft of the Business Records Affidavit. I think the pages should be numbered, with those numbers being included in the affidavit. There are blanks referring to those page numbers and the total number of pages attached. It also was not clear who would be signing this and what that person's position is with Frost Bank. If you will let me know these things, I can revise this and send you a final version for execution.
