Hi;

Could you possibly find the paper you took from the attorney's office when Anita attempted to get your mother to disinherit Marta if Carl died before her???

Whenever you want your clock and reindeer, just let us know.

Thanks.

They are required to have the farm appraised. I have been watching the value of the land in this area for over 10 years and spoke with a Realtor that handles the buying and selling of land in this part of Iowa. Mother had to have the farm appraised when the trust moved from Dad to her. Land in this part of Iowa is selling for around \$10-13K depending on the township. That does not mean it will appraise for that it only means it sells for that value right now. It will get to \$20K and higher over the next few years just like the land in Waller has. Land in parts of Waller is selling for \$20-25K an acre. In 1990 land in Waller was \$2750 an acre.

Just keep in mind that whoever sells their land will have to pay capital gains tax which could be quite high. It would be better (only in my opinion) to hold onto the land and let it continue to appreciate in value. The rent will increase over time as well. Rich Beyer did not take care of the land like the renter now is doing. And he improves the land through organic means not chemical. As the land improves the rent goes up.

They also had to have the house appraised which took place last week. The house is worth more than what is on the tax records. We should be able to see what it is listed for once it goes on the market which should happen soon. I heard them mention \$550,000 for a starting price once listed but that does not mean it will sell for that.

We just saw the tail end of a piece on the news about Iowa farmland now going for about 20,000 and acre. For the 140.22 acres in your inheritance, that is a significant change in what it was last estimated at. Don't let them low-ball you guys when they release the estate worth to you. Also, Carole you can compare what they release to that estate value document we gave you recently that Carl got in January of 2010.

I don't think it can be Frost Bank either, since FB is a successor trustee. The point is, "WE" DON'T KNOW ANYTHING because WE HAVE NOT RECEIVED PROPER NOTICE. Not giving proper notice is a BREACH, and enough to have ANY trustee removed by a court of competent jurisdiction (Harris County District Court OR The United States District Court in San Francisco, under "diversity of citizenship" ). How can ANY of us put our own estate plans together without knowing what we have?

Happy New Year!

Thank you for the information on Iowa farmland. I knew it was getting up there, but \$20k is great. It doesn't really matter what Amy and Anita do going forward. It is all invalid because they are imposter trustees. Carl, you need to send Anita a letter regarding her lies about the farm. She wrote in an email to Mother that "Candy and Carl" definitely do not want their farmland. As far as "Candy" this is an out and out LIE. She had Mother convinced to sell the farm as soon as Daddy passed away.

**P14796**

The demand letter going out tomorrow will require Anita to supply me with the contact information for the "trust protector" and "special co-trustee" within 24 hours. THE TRUST PROTECTOR CANNOT BE AMY, ANITA, OR ANY OF THE REST OF US. I don't think it can be anyone at Vasek either. Once we have that, the three of us can instruct the trust protector to remove Amy and Anita and restore the rightful co-trustees and successor. If the trust protector refuses, the three of us can remove the trust protector by unanimous consent. It may be as simple as that to restore the trust to its original terms. It would be nice to avoid the courtroom.

Anita has been scheming since she got her \$100k. The things she has done to gain control have cost ALL of us money, starting with the Vasek legal bills. Once I have my hands on those, they will tell an exact story of what has transpired. Candace Freed may have seen all of this coming, which may be one of the reasons we have not heard squat from her. She may have somehow been protecting the rest of us because she knew full well what Anita was trying to do. Maybe Candace has just been waiting for the rest of us to get up to speed on the law, or hire our own counsel.

I'm going to work on the demand. I'll send it over when it's ready.

Here you go. The text is exactly what they say on the video, but you can see the video here too. It's pretty cool. As I said, it looks virtually unchanged since the last time I was there. Even the barns and groupings of grain silos look familiar. Wasn't the Pollema family the auctioneers for Grandpa B's farm auction? If so, the guy on the news is probably our age and was a boy back then.

Carole, in my demand letter I basically said if Anita did not jump through the hoops that I would have my "agent" come and get the stuff. I want to make YOU my "agent". Will you accept the position? Carl, you might want to consider this for you as well. I think between the two of us we would do a much better "audit" than an independent party. WE KNOW what has transpired, so we know what to look for and what might be missing.

Rik is strongly urging me to file the injunction in San Francisco. Anita would then have to bring everything she "plans" to produce to San Francisco, as well as find an attorney to represent her HERE. I like this idea, but do not want to deprive the rest of you of seeing the smug wiped off her face in court. I plan to contact a couple of attorneys in Houston this week after we get the name of the trust protector. Please let me know how you feel about this.

As far as the farm is concerned, think of the term real estate. The key word here is REAL. Stocks, bonds, mutual funds, etc. are not REAL in that sense of the word. Even CASH is not REAL. These things can disappear in the blink of an eye. When the "new era" begins this year, it's entirely possible that the apocalypse predictors are correct and the world economy will crash. It's been heading in that direction for quite some time. What little 401(k) money I have is worth much less than it was even a year ago. I will fight to keep my REAL estate. Even if there is a crash in farmland prices, we will still own something REAL that will not disappear into thin air. In the future, it is possible that the only way to transact will be based on the "barter system", and we will have FOOD to trade, or seeds, or chickens, pigs, cows,

**P14799**

honey bees, etc.

Since the breach of trust has already occurred, by virtue of "failure to provide notice", we will just have to be patient until Anita is put in her place and we can all move on in life with our respective inheritances intact. It's funny, but if Anita had convinced Mother to sell the farm when the value was ~ \$6k per acre, the beneficiaries could sue the "trustee" for the loss of ~\$2.1 million. Since Mother is gone, Anita would have to pay us out of her own pocket. ALL BECAUSE IT WOULD HAVE BEEN DONE WITHOUT NOTICE TO THE BENEFICIARIES.

Search for last-to-die insurance policies. Anita tried to convince Mother to cancel theirs after Daddy died, to avoid Mother having to pay \$7,000 per year in premiums. This would have been a VERY BAD move. It still remains to be seen exactly what she has done, is doing, or plans to do with the policy. I don't have a check yet, do you? I fully expect \$50k.

I am hoping that there will be some serious activity this week, since all attorneys should be back at their desks. There is a slight chance that Candace Freed may try to contact one or more of us about the letter(s) and emails that were sent over the holidays. I WILL NOT have a private conversation with her. If she calls me, or asks me to contact her, I want ALL 6 of us on the call. I will also not talk to either Anita or Amy without ALL of us in on the conversation, although I doubt that either one of them will ever speak to me again.

I believe the best resolution to this mess is for Candy, Carole, Carl, Amy and Anita, as beneficiaries, to unanimously agree that the trust terms remain as they were when the trust was restated in 2005, with Carl and Amy as successor co-trustees and Candy as the alternate. Then Amy would agree to resign and Carole would be assigned her place as co-trustee with Carl. If Anita balks we'll send her to prison after she is disinherited. When she is released on parole, if she has nothing and nowhere to go, we would all have to agree that she could live in one of the trailers on the farm in exchange for toil in our soil. She's always bragging about her green thumb, so she can finally put her money where her mouth is.

Could you please send me the link. I found one but it was for a farm that sold for \$10K an acre. In today's economy land is the best investment you can own and I have been watching the price of this farmland go up for the past 10 years so I am not surprised. If you do sell you must pay capital gains tax on the sale which is steep and find an alternative of where to invest your money that will appreciate as much as farmland in Iowa will. Farmland has outpaced the S&P for the past 5 years. So unless you need the cash for something, I would hold onto it.

Ha Ha Ha 

I don't have easy access to the no contest clause here at work, but it appears that Miss Piggy has been **challenging** the trust from the get-go. The August 2010 document, in MY mind, is the largest piece of evidence we have. I have read it ad nauseum and every time I do it is clear that within that document Anita challenged the trust AND tried to stop anyone from challenging her challenge at the risk of being disinherited.

It's only a matter of time. The sooner the better. Ha Ha Ha

From Blacks 4th

Challenge, v. To object or except to; To prefer objections to a person, right, or instrument; To **formally** call into question the capability of a person for a particular function, or the existence of a right claimed, or the sufficiency or validity of an instrument; **to call or put in question; to put into dispute; to render doubtful.**

The real purpose of the no-contest clause is to prevent argument amongst the heirs. I think Anita challenged the trust and that will become obvious by the things she did that created a dispute.

As I have said. Once you establish that there is a pattern of behavior designed for illicit purposes, such as unjust self enrichment, every other incident will be viewed with a presumption of impropriety putting the burden on the defendants to bring forth evidence that their conduct was proper.

Every day that passes we get a little closer to the roasting and toasting parting. The idiot tried to sell the farm and wanted to gamble on the stock market with your parents money and your inheritance. In today's world however, large corporations are divesting in the market and reinvesting in farm land.

So, your little sister isn't merely corrupt, she's an idiot!

I just wanted to let you know that Anita signed for the first demand letter on Saturday, December 31 and I have not received the green card for Amy's letter yet. I guess this might mean that neither of them was aware of it until 12/31. Who knows??????

I called Carole yesterday afternoon to see if she had read the second demand letter or seen the Iowa farmland video, etc. I guess she's off the grid for some reason and has not checked her emails for days. She started talking about a discussion she had with a friend in the legal business (not an attorney, possibly a paralegal) and thinks I'm going to spend \$10's of \$1,000's of dollars in my "challenge" and will probably lose. Her friend can't possibly know what has transpired, OR the basis of my case. Then Carole tried to assert that I would have to file in Texas because it is a Texas trust. WRONG. I hate to say it, but Carole doesn't have a CLUE about what Anita has done, or the fact that her actions are feloniously illegal. Since her trust account is not in a "conservatorship" she doesn't really have much to bitch about and I get the distinct impression that now she's worried that trust money will pay for Anita and Amy's defense and there will be nothing left. This is simply not true, but it's like beating my head against the wall trying to explain it to her because she has not read one single thing I have sent her regarding beneficiaries rights and trust administration in Texas. Sometimes I wonder what planet she is on.

Hope you guys have a wonderful day!

That is what my internet research revealed as well. Based on that, even if we give it a month from when the company received the death certificate we should have gotten it by now. I think she is making everyone suffer because of my actions and Carl's emails. She is thinking "I'll show them", but she's just digging herself in deeper. My bosses are going to be out of town next week. I have a ton of year end work to do for taxes and it's hard to concentrate when they're around making demands upon my time. I'm going to try to squeeze in some time for my initial communication with that attorney. I want her waiting in the wings so when I've had enough all I have to do is press the button. I was hoping I would not have to fight over the life insurance. Daddy told me he specifically bought that policy so we would have something in the interim OR in case there was nothing left in the trust to distribute. The woman should have received the paperwork in early December, not two or three weeks ago. Someone is not telling the truth.

If you call her, please ask about the life insurance too. I'm sick and tired of this whole mess. Mother had been helping me with property taxes for the last couple of years too. The first installment is past due already. I simply do not understand why she continues to be so cruel to all of us. Maybe she

**P14808**

doesn't need the money, but she is the ONLY trustee for the life insurance trust, so if she hasn't been funneling money to Amy then Amy must want hers too.

The longer it takes, the more suspicious I become. I would not give a shit if it took her a year to settle the trust if I had something to fall back on. As it is I am going to have to sell some of the stock to pay my medical bills and buy my medication. I was not going to use it for taxes in anticipation of the \$50k.

I will. I have been getting home so late and by the time I eat and then read emails I am asleep by 9 or 9:30 because it is kind of cold and it feels good to crawl under the blankets. I have not heard anything but maybe I will call Anita tonight to find out if they put the house on the market. They said they would have the appraisal on Monday and that is all they were waiting on.

That is what my internet research revealed as well. Based on that, even if we give it a month from when the company received the death certificate we should have gotten it by now. I think she is making everyone suffer because of my actions and Carl's emails. She is thinking "I'll show them", but she's just digging herself in deeper. My bosses are going to be out of town next week. I have a ton of year end work to do for taxes and it's hard to concentrate when they're around making demands upon my time. I'm going to try to squeeze in some time for my initial communication with that attorney. I want her waiting in the wings so when I've had enough all I have to do is press the button. I was hoping I would not have to fight over the life insurance. Daddy told me he specifically bought that policy so we would have something in the interim OR in case there was nothing left in the trust to distribute. The woman should have received the paperwork in early December, not two or three weeks ago. Someone is not telling the truth.

I asked her about that last week and it has been at least 2 weeks since she said the woman recieved the paperwork. She agreed that it did not take long for mother to recieved her life insurance money from the policies daddy had. According to the internet it should only take a-few weeks.

### Article III

#### Appointment of Personal Representative

I appoint ELMER H. BRUNSTING as my Personal Representative. In the event ELMER H. BRUNSTING fails or ceases to serve for any reason, I appoint the following individuals as my Personal Representative to serve in the following order:

First, CARL HENRY BRUNSTING

Second, AMY RUTH TSCHIRHART

Third, CANDACE LOUISE CURTIS

The term "Personal Representative" will mean and refer to the office of Independent Executor and Trustee collectively. Reference to Personal Representative in the singular will include the plural, the masculine will include the feminine, and the term is to be construed in context. A Personal Representative will not be required to furnish a fiduciary bond or other security. I direct that no action be required in the county or probate court in relation

to the settlement of my estate other than the probate and recording of my Will and the return of an inventory, appraisement and list of claims as required by law.

#### **Article IV**

##### **Payment of Debts, Taxes, Settlement Costs and Exercise of Elections**

The following directions concern the payment of debts, taxes, estate settlement costs, and the exercise of any election permitted by Texas law or by the Internal Revenue Code. The Personal Representative of my estate and the Trustee of the BRUNSTING FAMILY LIVING TRUST may act jointly and may treat the property of my estate subject to probate and the property of the BRUNSTING FAMILY LIVING TRUST as one fund for the purpose of paying debts, taxes, estate settlement costs, and making of elections.

##### **Section A. Payment of Indebtedness and Settlement Costs**

The Personal Representative will have the discretionary authority to pay from my estate subject to probate the costs reasonably and lawfully required to settle my estate.

##### **Section B. Special Bequests**

If property given as a special bequest or gift is subject to a mortgage or other security interest, the designated recipient of the property will take the asset subject to the obligation and the recipient's assumption of the indebtedness upon distribution of the asset to the recipient. The obligation to be assumed shall be the principal balance of the indebtedness on date of death, and the Personal Representative shall be entitled to reimbursement or offset for principal and interest payments paid by my estate to date of distribution.

##### **Section C. Estate, Generation Skipping, or Other Death Tax**

Unless otherwise provided in this will or by the terms of the BRUNSTING FAMILY LIVING TRUST, estate, inheritance, succession, or other similar tax shall be charged to and apportioned among those whose gifts or distributive share generate a death tax liability by reason of my death or by reason of a taxable termination or a taxable distribution under the generation skipping provisions of the Internal Revenue Code. To the extent I may lawfully provide, the Personal Representative may pay and deduct from a beneficiary's distributive share (whether the distribution is to be paid outright or is to be continued in trust) the increment in taxes payable by reason of a required distribution or termination of interest

(i.e., estate, gift, inheritance, or generation skipping taxes) to the extent that the total of such taxes payable by reason of a distribution or termination is greater than the tax which would have been imposed if the property or interest subject to the distribution or termination of interest has not been taken into account in determining the amount of such tax. To the extent a tax liability results from the distribution of property to a beneficiary other than under this will or under the BRUNSTING FAMILY LIVING TRUST, the Personal Representative will have the authority to reduce any distribution to the beneficiary from my estate by the amount of the tax liability apportioned to the beneficiary, or if the distribution is insufficient, the Personal Representative will have the authority to proceed against the beneficiary for his, her, or its share of the tax liability. In making an allocation, my Personal Representative may consider all property included in my gross estate for federal estate tax purposes, including all amounts paid or payable to another as the result of my death, including life insurance proceeds, proceeds from a qualified retirement plan or account, proceeds from a joint and survivorship account with a financial institution or brokerage company, proceeds from a buy-sell or redemption contract, and/or any other plan or policy which provides for a payment of death benefits. This provision further contemplates and includes any tax which results from the inclusion of a prior transfer in my federal gross estate even though possession of the property previously transferred is vested in someone other than my Personal Representative. This provision does not include a reduction in the unified credit by reason of taxable gifts made by me. If the Personal Representative determines that collection of an apportioned tax liability against another is not economically feasible or probable, the tax liability will be paid by my estate and will reduce the amount distributable to the residuary beneficiaries. The Personal Representative's judgment with regard to the feasibility of collection is to be conclusive.

#### **Section D. Election, Qualified Terminable Interest Property**

The Personal Representative may, without liability for doing so or the failure to do so, elect to treat all or a part of my estate which passes in trust for ELMER H. BRUNSTING under the BRUNSTING FAMILY LIVING TRUST, in which ELMER H. BRUNSTING has an income right for life, as Qualified Terminable Interest Property pursuant to the requirements of Section 2056(b)(7) of the Internal Revenue Code. To the extent that an election is made, and unless ELMER H. BRUNSTING shall issue a direction to the contrary, the Trustee of the BRUNSTING FAMILY LIVING TRUST will pay from the irrevocable share the entire increment in the taxes payable by reason of the death of ELMER H. BRUNSTING to the extent that the total of such taxes is greater than would have been imposed if the property treated as qualified terminable interest property has not been taken into account in determining such taxes. It is my intent and purpose to provide my Personal Representative with the greatest latitude in making this election so that the least amount of federal estate tax will be payable upon my death and upon the death of ELMER H. BRUNSTING, and this

---

provision is to be applied and construed to accomplish this objective. The Personal Representative is to make distributions of income and principal to the Trustee of the BRUNSTING FAMILY LIVING TRUST until my total estate subject to probate and administration is distributed to the Trustee of the BRUNSTING FAMILY LIVING TRUST.

**Section E. Special Election for Qualified Terminable Interest Property**

For the purpose of identifying the "transferor" in allocating a GST exemption, my estate may elect to treat all of the property which passes in trust to a surviving spouse for which a marital deduction is allowed, by reason of Section 2056(b)(7) of the Internal Revenue Code, as if the election to be treated as Qualified Terminable Interest Property had not been made. Reference to the "Special Election For Qualified Terminable Interest Property" will mean and identify the election provided by Section 2652(a)(2) of the Internal Revenue Code. The term "GST Exemption" or "GST Exemption Amount" is the dollar amount of property which may pass as generation skipping transfers under Subtitle B, Chapter 13, of the Internal Revenue Code of 1986 (entitled "Tax on Generation Skipping Transfers") which is exempt from the generation-skipping tax.

**Section F. Elective Deductions**

The Personal Representative will have the discretionary authority to claim any obligation, expense, cost or loss as a deduction against either estate tax or income tax, or to make any election provided by Texas law, the Internal Revenue Code, or other applicable law, and the Personal Representative's decision will be conclusive and binding upon all interested parties and shall be effective without obligation to make an equitable adjustment or apportionment between or among the beneficiaries of my estate or the estate of a deceased beneficiary.

**Article V**

**Service of the Personal Representative**

A Personal Representative may exercise, without court supervision (or the least supervision permitted by law), all powers and authority given to executors and trustees by the laws of the State of Texas and by this will.

---

**Section A. Possession, Assets, Records**

My Personal Representative will have the authority to take possession of the property of my estate and the right to obtain and possess as custodian any and all documents and records relating to the ownership of property.

**Section B. Retain Property in Form Received, Sale**

My Personal Representative will have authority to retain, without liability, any and all property in the form in which it is received by the Personal Representative without regard to its productivity or the proportion that any one asset or class of assets may bear to the whole. My Personal Representative will not have liability nor responsibility for loss of income from or depreciation in the value of property which was retained in the form which the Personal Representative received them. My Personal Representative will have the authority to acquire, hold, and sell undivided interests in property, both real and personal, including undivided interests in business or investment property.

**Section C. Investment Authority**

My Personal Representative will have discretionary investment authority, and will not be liable for loss of income or depreciation on the value of an investment if, at the time the investment was made and under the facts and circumstances then existing, the investment was reasonable.

**Section D. Power of Sale, Other Disposition**

My Personal Representative will have the authority at any time and from time to time to sell, exchange, lease and/or otherwise dispose of legal and equitable title to any property upon such terms and conditions, and for such consideration, as my representative will consider reasonable. The execution of any document of conveyance, or lease by the Personal Representative will be sufficient to transfer complete title to the interest conveyed without the joinder, ratification, or consent of any person beneficially interested in the property, the estate, or trust. No purchaser, tenant, transferee or obligor will have any obligation whatsoever to see to the application of payments made to my Personal Representative. My Personal Representative will also have the authority to borrow or lend money, secured or unsecured, upon such terms and conditions and for such reasons as may be perceived as reasonable at the time the loan was made or obtained.

---

### **Section E. Partial, Final Distributions**

My Personal Representative, in making or preparing to make a partial or final distribution from the estate or a trust, will prepare an accounting and may require, as a condition to payment, a written and acknowledged statement from each distributee that the accounting has been thoroughly examined and accepted as correct; a discharge of the Personal Representative; a release from any loss, liability, claim or question concerning the exercise of due care, skill, and prudence of the Personal Representative in the management, investment, retention, and distribution of property during the representative's term of service, except for any undisclosed error or omission having basis in fraud or bad faith; and an indemnity of the Personal Representative, to include the payment of attorneys' fees, from any asserted claim of any taxing agency, governmental authority, or other claimant. Any beneficiary having a question or potential claim may require an audit of the estate or trust as an expense of administration. Failure to require the audit prior to written acceptance of the Personal Representative's report, or the acceptance of payment, will operate as a final release and discharge of the Personal Representative except as to any error or omission having basis in fraud or bad faith.

### **Section F. Partition, Undivided Interests**

My Personal Representative, in making or preparing to make a partial or final distribution from the estate or a trust, will have the authority (1) to partition any asset or class of assets and deliver divided and segregated interests to beneficiaries; (2) to sell any asset or class of assets (whether or not susceptible to partition in kind), and deliver to the beneficiaries a divided interest in the proceeds of sale and/or a divided or undivided interest in any note and security arrangement taken as part of the purchase price; and/or (3) to deliver undivided interests in an asset or class of assets of the beneficiaries subject to any indebtedness which may be secured by the property.

### **Section G. Accounting**

My Personal Representative will render at least annually a statement of account showing receipts, disbursements, and distributions of both principal and income during the period of accounting and a statement of the invested and uninvested principal and the undistributed income at the time of such statement.

### **Section H. Protection of Beneficiaries**

No beneficiary will have the power to anticipate, encumber or transfer any interest in my estate. No part of my estate or any trust will be liable for or charged with any debts,

---

contracts, liabilities or torts of a beneficiary or be subject to seizure or other process by any creditor of a beneficiary.

**Section I. Consultants, Professional Assistance**

My Personal Representative will have the authority to employ such consultants and professional help as needed to assist with the prudent administration of the estate and any trust. Any representative, other than a corporate fiduciary, may delegate, by an agency agreement or otherwise, to any state or national banking corporation with trust powers any one or more of the following administrative functions: custody and safekeeping of assets; record keeping and accounting, including accounting reports to beneficiaries; and/or investment authority. The expense of the agency, or other arrangement, will be paid as an expense of administration.

**Section J. Compensation**

Any person who serves as Personal Representative may elect to receive a reasonable compensation, reasonable compensation to be measured by the time required in the administration of the estate or a trust and the responsibility assumed in the discharge of the duties of office. The fee schedules of area trust departments prescribing fees for the same or similar services may be used to establish reasonable compensation. A corporate or banking trustee will be entitled to receive as its compensation such fees as are then prescribed by its published schedule of charges for estates or trusts of similar size and nature and additional compensation for extraordinary services performed by the corporate representative. My Personal Representative will be entitled to full reimbursement for expenses, costs, or other obligations incurred as the result of service, including attorney's, accountant's and other professional fees.

**Section K. Documenting Succession**

A person serving as Personal Representative may fail or cease to serve by reason of death, resignation or legal disability. Succession may be documented by an affidavit of fact prepared by the successor, filed of record in the probate or deed records of the county in which this will is admitted to probate. The public and all persons interested in or dealing with my Personal Representative may rely upon the evidence of succession provided by a certified copy of the recorded affidavit, and I bind my estate and those who are its beneficial owners to indemnify and hold harmless any person, firm, or agency from any loss sustained in relying upon the recorded affidavit.

---

**Article VI**

**No-Contest Requirements**

I vest in my Personal Representative the authority to construe this will and to resolve all matters pertaining to disputed issues or controverted claims. I do not want to burden my estate with the cost of a litigated proceeding to resolve questions of law or fact unless that proceeding is originated by my Personal Representative or with the Personal Representative's written permission. Any other person, agency or organization who originates (or who shall cause to be instituted) a judicial proceeding to construe or contest this will or to resolve any claim or controversy in the nature of reimbursement, constructive or resulting trust or other theory which, if assumed as true, would enlarge (or originate) the claimant's interest in my estate, will forfeit any amount to which that person, agency or organization is or may be entitled, and the interest of any such litigant or contestant will pass as if he or she or it had predeceased me.

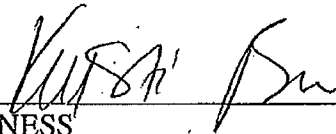

These directions will apply even though the person, agency or organization shall be found by a court of law to have originated the judicial proceeding in good faith and with probable cause, and even though the proceeding may seek nothing more than to construe the application of this no-contest provision. However, the no-contest provision is to be limited in application as to any claim filed by ELMER H. BRUNSTING, to the exclusion thereof if necessary, to the extent it may deny my estate the benefit of the federal estate tax marital deduction.

THIS WILL is signed by me in the presence of two (2) witnesses, and signed by the witnesses in my presence on January 12, 2005.

  
NELVA E. BRUNSTING

APPOINTMENT OF SUCCESSOR TRUSTEES

WHEREAS, NELVA E. BRUNSTING, is a Founder of the Brunsting Family Living Trust dated October 10, 1996, as amended (the "Trust Agreement"); and,

WHEREAS, Pursuant to Article IV, Section B, of the Brunsting Family Living Trust entitled "Our Successor Trustees," an original Trustee will have the right to appoint his or her own successor or successors to serve as Trustees in the event that such original Trustee ceases to serve by reason of death, disability or for any other reason, as well as specify conditions relevant to such appointment; and

WHEREAS, ELMER H. BRUNSTING, died on April 1, 2009. The Brunsting Family Living Trust authorized the creation of subsequent subtrusts known as the NELVA E. BRUNSTING SURVIVOR'S TRUST and the ELMER H. BRUNSTING DECEDENT'S TRUST. The full legal names of the said subtrusts are:

NELVA E. BRUNSTING, Trustee, or the successor Trustees, of the NELVA E. BRUNSTING SURVIVOR'S TRUST dated April 1, 2009, as established under the BRUNSTING FAMILY LIVING TRUST dated October 10, 1996, as amended.

NELVA E. BRUNSTING, Trustee, or the successor Trustees, of the ELMER H. BRUNSTING DECEDENT'S TRUST dated April 1, 2009, as established under the BRUNSTING FAMILY LIVING TRUST dated October 10, 1996, as amended.

WHEREAS, the said NELVA E. BRUNSTING is desirous of exercising her right as original Trustee to designate, name and appoint her own successors to serve as Trustees in the event that she ceases to serve by reason of death, disability or for any other reason, as well as specify conditions of such appointment;

NOW, THEREFORE, KNOW ALL MEN BY THESE PRESENTS:

NELVA E. BRUNSTING makes the following appointment:

If I, NELVA E. BRUNSTING, resign as Trustee, then the following individuals will serve as successor Trustee in the following order:

First, ANITA KAY BRUNSTING  
Second, AMY RUTH TSCHIRHART  
Third, THE FROST NATIONAL BANK

If I, NELVA E. BRUNSTING, fail or cease to serve by reason of death or disability, then the following individuals will serve as successor Co-Trustees:

ANITA KAY BRUNSTING and AMY RUTH TSCHIRHART

If a successor Co-Trustee is unable or unwilling to serve for any reason, the remaining Co-Trustee shall serve alone. However, if neither Co-Trustee is able or willing to serve, then THE FROST NATIONAL BANK shall serve as successor Trustee.

In order to maintain the integrity of the Trust Agreement and to meet my estate planning desires and goals, my Trustees shall comply with the directive set forth below to assure compliance with the Health Insurance Portability and Accountability Act (HIPAA) of 1996.

**1. Successor Trustee Required to Provide an Authorization For Release of Protected Health Information**

Each successor Trustee (or Co-Trustee) shall be required to execute and deliver to the Co-Trustee (if any) or next successor Trustee an "Authorization for Release of Protected Health Information" pursuant to the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and any other similarly applicable federal and state laws, authorizing the release of said successor's protected health and medical information to said successor's Co-Trustees (if any) and to all alternate successor Trustees (or Co-Trustees) named under this document or any subsequent documents signed by the Founders, to be used only for the purpose of determining in the future whether said successor has become incapacitated (as defined in the Trust Agreement).

If said successor is already acting in the capacity of Trustee (or Co-Trustee) and fails to so execute and deliver such Authorization within thirty (30) days of actual notice of said requirement, or if an event has occurred which triggers said successor's power to act but said successor has not yet begun to act in said capacity and fails to so execute and deliver such Authorization within thirty (30) days of actual notice of said requirement, then for purposes of the Trust Agreement, said successor shall be deemed incapacitated.

"Actual notice" shall occur when a written notice, signed by the Co-Trustees (if any) or next successor Trustee, informing said successor of the need to timely execute and deliver an authorization as set forth above (and, in the case where said successor has not yet begun to act, informing him or her of the event that has triggered said successor's power to act), is (i) deposited in the United States mail, postage prepaid, addressed to the last address of said successor known to the Co-Trustees or next successor Trustee or (ii) hand delivered to said successor, provided such delivery is witnessed by a third party independent from the Co-Trustees or next successor Trustee within the meaning of Internal Revenue Code Sections 672(c) and 674(c) and said witness signs a statement that he or she has witnessed such delivery.

**2. Obtain the Release of Protected Health Information**

The Trustee is empowered to request, receive and review any information, verbal or written, regarding Founder's physical or mental health, including, but not limited to,

protected health and medical information, and to consent to their release or disclosure. The Founder has signed on this same date or an earlier date an "Authorization For Release of Protected Health Information," in compliance with HIPAA, immediately authorizing the release of any and all health and medical information to the Trustee (or next successor Trustee, even if not yet acting) for the purposes of determining the Founder's incapacity (or for other stated purposes therein).

In the event said authorization cannot be located, is by its own terms no longer in force or is otherwise deemed invalid in whole or in part, the Founder hereby grants the Trustee (or next successor Trustee, even if not yet acting) the power and authority, as Founder's legal representative, to execute a new authorization on Founder's behalf, immediately authorizing the release of any and all health and medical information for the purpose of determining the Founder's incapacity (and for the purpose of carrying out any of the Trustee's powers, rights, duties and obligations under this agreement), naming the Trustee (or next successor Trustee even if not yet acting) as the Founder's "Personal Representative," "Authorized Representative" and "Authorized Recipient."

### **3. Determination of "Incompetence" or "Incapacity"**

For purposes of the Trust Agreement, and notwithstanding any other conflicting provisions contained in the Trust Agreement or any previous amendments thereto, the term "incompetency" and/or "incapacity" shall mean any physical or mental incapacity, whether by reason of accident, illness, advanced age, mental deterioration, alcohol, drug or other substance abuse, or similar cause, which in the sole and absolute discretion of the Trustee makes it impracticable for a person to give prompt, rational and prudent consideration to financial matters and, if said disabled person is a Trustee (including an appointed Trustee who has yet to act), (i) a guardian of said person or estate, or both, of said person has been appointed by a court having jurisdiction over such matters or (ii) two (2) attending physicians of said person, who are licensed to practice and who are not related by blood or marriage to such person, have stated in writing that such incompetency or incapacity exists.

If said disabled person is a Trustee (including an appointed Trustee who has yet to act), upon the court determination of the person's competency or capacity or upon the revocation of the writings of the two (2) attending physicians above or upon written determination of competency or capacity to give prompt, rational and prudent consideration to financial matters by two (2) other attending physicians, who are licensed to practice and who are not related by blood or marriage to such person, subject to written notice being given to the then acting successor Trustee, the original Trustee (including an appointed Trustee who has yet to act) removed for "incompetency" or "incapacity" shall be reinstated as Trustee.

Any third party may accept physicians' writings as proof of competency or capacity or incompetency or incapacity as set forth above without the responsibility of further investigation and shall be held harmless from any loss suffered or liability incurred as the result of good faith reliance upon such writings.

In addition to any "Authorization for Release of Protected Health Information" executed by the Founder, the Founder hereby voluntarily waives any physician-patient privilege or psychiatrist-patient privilege and authorizes physicians and psychiatrists to examine them and disclose their physical or mental condition, or other personal health or medical information, in order to determine their competency or incompetency, or capacity or incapacity, for purposes of this document. Each person who signs this instrument or an acceptance of Trusteeship hereunder does, by so signing, waive all provisions of law relating to disclosure of confidential or protected health and medical information insofar as that disclosure would be pertinent to any inquiry under this paragraph. No Trustee shall be under any duty to institute any inquiry into a person's possible incompetency or incapacity (such as, but not limited to, by drug testing), but if the Trustee does so, the expense of any such inquiry may be paid from the Trust Estate of said person's trust or, if no such trust exists, the Trust Estate of the Trust.

It is the Founder's desire that, to the extent possible, a named successor Trustee be able to act expeditiously, without the necessity of obtaining a court determination of a Founder's incapacity or the incapacity of a preceding appointed successor Trustee (including if that preceding appointed successor Trustee has not yet acted). Therefore, if an Authorization for Release of Protected Health Information executed by a Founder, or an appointed successor Trustee (even if not yet acting), or by a "personal representative" or "authorized representative" on behalf of a Founder or such an appointed successor Trustee, is not honored in whole or in part by a third party such that physicians' writings cannot be obtained as necessitated by this subparagraph, then the Trust Protector named under the Trust Agreement (if any), or if there is no such Trust Protector provided under the Trust Agreement then the next succeeding Trustee (even if not yet acting) who is independent, that is not related to or subordinate to, said Founder or such appointed successor Trustee within the meaning of Internal Revenue Code Section 672(c), may declare in writing said Founder or such appointed successor Trustee to be incapacitated; provided, however, the Trust Protector or next succeeding Trustee making such declaration shall have first made good faith efforts to obtain the physicians' writings described above, and the provisions above relating to reinstatement upon two (2) physicians' written determination of competency or capacity shall continue to apply.

In the event the Trust Agreement does not provide for an Independent Trustee as set forth in the above paragraph, such an Independent Trustee shall be elected by a majority vote of the then current adult income beneficiaries of the trust (or by the legal guardians of all minor or disabled current income beneficiaries) and such Independent Trustee shall not be related to nor subordinate to any of the beneficiaries

participating in the said vote within the meaning of Internal Revenue Code 672(c). In the event that there are only two (2) beneficiaries, one of which is acting as Trustee, the remaining beneficiary may appoint such an Independent Trustee who is neither related to nor subordinate to such beneficiary as those terms are defined in and within the meaning of Internal Revenue Code 672(c).

The Founder has signed on this same date or on an earlier date an "Authorization for Release of Protected Health Information," in compliance with HIPAA, immediately authorizing the release of health and medical information to the Trustee (or next successor Trustee, even if not yet acting), so the Trustee may legally defend against or otherwise resist any contest or attack of any nature upon any provision of the Trust Agreement or amendment to it (or defend against or prosecute any other legal matter within his or her powers set forth in the Trust Agreement). In the event said authorization cannot be located, is by its own terms no longer in force or is otherwise deemed invalid or not accepted in whole or in part, the Founder hereby grants the Trustee (or next successor Trustee, even if not yet acting) the power and authority, as the Founder's legal representative to execute a new authorization on the Founder's behalf, even after Founder's death, immediately authorizing the release of any and all health and medical information for the purpose of determining the Founder's incapacity (and for the purpose of carrying out any of the Trustee's powers, rights, duties and obligations under the Trust Agreement naming the Trustee (or next successor Trustee, even if not yet acting) as the Founder's "Personal Representative," "Authorized Representative" and "Authorized Recipient."

This Appointment of Successor Trustees is effective immediately upon execution of this document by the Founder, with the said successor Trustees to act at such times and in such instances as provided in the said Brunsting Family Living Trust dated October 10, 1996, as amended.

All other provisions contained in the Brunsting Family Living Trust dated October 10, 1996, as amended, are hereby ratified and confirmed and shall remain in full force and effect except to the extent that any such provisions are amended hereby or by previous amendments or appointments still in effect.

WITNESS MY HAND on December 21, 2010.

Carole;

Could you possibly look all of the latest accounting from Anita over and compare to the sheets we gave you from after your dad passed away?? Please get with Candy since you are both accountants.

I am too busy with my dad. I don't want Carl to be to totally overwhelmed with all of this until we know what the deal is.

Please keep us informed of any discoveries or discrepancies.

Dear Anita,

If you think that sending me incomplete or inaccurate records in this piecemeal fashion somehow satisfies my demands for production, or your legal obligation to produce said records, you should probably read the Texas statutes and your trustee handbook, where you will find that your first obligation as an alleged trustee is full and complete disclosure. Your piecemeal dissemination is merely evidence of your refusal or otherwise failure to meet your obligations. This is known in the law of trusts as BREACH. The more information I get, the less I am convinced that you have ANY authority to act as a trustee. You might want to check on how and when powers of attorney terminate.

Further, any intended action which may affect the interest of any beneficiary, requires written notice, by certified mail, no less than 30 days prior to any such action. You are required by law to notify ALL named trustees and successor trustees, and ALL beneficiaries and successor beneficiaries, in writing, by certified mail. You have failed to do so, over and over and over again, which means that NONE of your actions are valid.

If you intend to act on the basis of your alleged appointment, which no one forced you to accept, then you should probably apprise yourself of the law regarding your LEGAL OBLIGATIONS. Secondly, if you intend to act in any way whatsoever, you should probably be absolutely certain that your actions are lawful. It's too bad you didn't get a second opinion, or at least had an attorney who read her partner's "in terrorem" article before thinking you could exacerbate exculpatory or no-contest clauses in your fake ass qualified beneficiary designation. All those fatuous exacerbations are just further evidence of your moral turpitude, misfeasance and mal intent.

I could be mistaken, but with your refusal to provide full and complete disclosure, rather just doling out the documents in bits and pieces as you see fit, would appear to compel a presumption of impropriety as a matter of law. It's called extrinsic fraud.

P14837

Oh, and one more thing regarding your fake ass qualified beneficiary designation. If you intend to act on that document's alleged grant of authority and you think you are prepared to litigate the question, of its validity, you should probably try to figure out what EACH paragraph means and how in the world ANYONE could have explained that to our Mother. You assert that Mother signed those documents making those changes, knowing full well what she was signing. I, however, upon receipt of your initial piecemeal documents, contacted Mother by telephone and she assured me in no uncertain terms that she did no such thing. Better yet, she followed it with a written communication reciting our conversation and saying very clearly "that is not true". Disclaiming will not cure the past.

I have not bothered to consult with or retain counsel because I CAN READ AND COMPREHEND THE LAW. I have over 30 years of experience in contracts, accounting, and business management for multi-million dollar corporations. I am familiar with trust law because as a property manager all properties were managed under trusts. I am VERY FAMILIAR with NOTICE and accounting requirements.

How you managed to obtain a PhD without the ability to read and comprehend is a mystery to me. If you understood trust law AT ALL your disrespectful conduct and power arrogance would be VERY different or nonexistent. I guess that why it is said that those that cannot do, TEACH.

As it regards your actual trustee delegation, you are and have always been the sole trustee for the last-to-die life insurance policy. Daddy told me that the purpose of that policy was so that we would all have means pending the trust administration and final distribution, if any. You have failed to communicate any quality information about the proceeds of that policy. It has been 85 days since Mother's death and the majority of life insurance companies settle such claims within the first 90 days. I can envision no complications as it was not an accidental or other limited policy. So, WHERE IS MY MONEY? I have several emails from you over the years asking me to sign blank forms regarding the insurance. I have always asked for copies of the life insurance trust document so that I would know what it was I was waiving. You have consistently refused or otherwise failed to provide this to me, as you are obliged to do by your own voluntary acceptance of the fiduciary obligation.

And just one last item. You received a written demand for disclosure of the identity of the trust protector, or the special co-trustee(s) if any. Your lack of disclosure of this basic information, or any expression of good faith, leaves me with concerns that there is something you fear or want to conceal, but don't worry, what ever it is, we'll get to the bottom of it.

Sincerely,

Candy

The life insurance money has been deposited into a checking account, and I received a check book for this account on Monday (1/23/12) from Lincoln Financial Group. Since this insurance policy was in a trust, I am waiting on a reply from Rich Ridders, accountant, regarding some tax reporting that may apply. The account was established on 1/17/12, and \$250,000 was deposited plus \$440 in interest. The question is if or how you will have to report the interest income on your taxes and if a form K-1 will have to be issued to you. He is usually very prompt in replying. Once I know the tax information, I can write checks to the beneficiaries for your portion. I will be sending them by registered mail soon.

The mediation venue would allow everyone to air their grievances. We can ask questions of each other in the presence of third parties. I would say Anita, why did you tell lies to Mother about your siblings? Do you know how much it hurts to know that Mother died with these things about me in her head? Why did you find it necessary to hide everything from everyone? Etc.

I LIKE IT!

Carole;

It seems all along it was Anita who called APS on me and not Amy.

Seems she sought to gain complete control of Carl's inheritance from the moment he fell ill, and wanted guardianship as well.

Seems that while I was desperately trying to find doctors who would help my husband, she was desperately thinking about how to get his money.

Seems that she was told by several attorneys she couldn't do squat unless I was declared unfit.

Seems she then set out to spread rumors by saying I was out to divorce him, or , as unbelievable as it sounds, murder him and 'run off with his money'.

Seems she did exactly the same to Amy a few years back. It all makes sense now that her motive there was greed as well, and set out to have Amy declared unfit so she could slide her way into Amy's trustee position.

Seems she got lucky when her brother nearly died and looked hopeless, so she shifted her focus on destroying his life. And mine. And Marta's. And Haley's.

Seems she is evil in the purest form.

Seems that you are constantly defending her, for reasons I cannot decipher.

I only hope she doesn't do to you someday what she has done to her brother. But I wouldn't bet on it if I were you.

Carole;

If you have documentation that will help Carl, are you willing to hand it over? We have heard that you are in possession of papers and journals that would help him.

We have also heard that, once again, your loyalties have gone back over to the side of your sisters. This, by the way, is exactly what Carl was afraid of. We wish now we had never trusted you by giving you the asset schedule, but you seemed so convincing in your disdain of Anita & Amy after your mother had died. Carl is certain you probably immediately turned it over to them.

We need to know your answer. Please do not ignore, hesitate or vacillate on this issue. Like you are so famous for doing. Please do not make anymore excuses. Either help your brother or stay the hell out of our lives.

You are either with Carl or not. You either want to help him or help destroy him. WHICH IS IT? We need an answer. NOW, TODAY.

You will find that if you just tell the truth, it not only saves time but relations.

I do not recall you ever asking me to give you a copy. I told you I would send it all to you because you are better at this type of work and you said to hold on to it. The last email correspondence I got was asking me to compare what Drina gave me to what Anita sent. Unfortunately for me I did not realize you and Drina put a timeline on it. You were in Mother's house for a full week and these are all things you could have taken or made copies of but when I saw it I took it because I knew where it was going and now for the both of you to turn on me like this because I cannot meet your deadlines when neither one of you even has a lawyer reinforces that both of you have been using me to try and get what you need or want.

Carole, I agree that you have been open and honest. You told me you had a previous accounting of the assets, you said you had Mother's handwritten journal from October 2010, and you said you had grabbed those papers at the attorney's office. All good stuff if you had given me copies of it.

I am unclear as to why you hung up on me. I was telling you that I opened up an account at Fidelity (which is who handles the HP 401K plan) to deposit my \$50K so I would not mix it in with my checking account and you said I was keeping things from you and hung up. I do not understand how my opening a separate account at Fidelity was keeping anything from you. I have been nothing but open and honest with you and tried to help you in any way I could but you and Drina feel that it is okay to say whatever you want to me and I am suppose to take it. I actually have a life too with bills and deadlines and ups and downs but unfortunately no one to share it with but hopefully that will change to this year as well.

**P14847**

Dear Carole,

I'm sorry you are not feeling well. Something like that is going around here too, but so far I have managed to avoid it. I don't know how, since I have been under tremendous stress. This trust business pales in comparison to the current family crisis Owen, Kevan, Andy and I have been experiencing.

I, too, have really enjoyed the relationship we reestablished a few years ago. I wanted to tell you what was going on in our lives here, but during our last conversation you really hurt me. I don't think you meant to, and I did not want to endure more emotional damage, so I hung up on you.

I admit I have "joined the fray" in Drina bashing since Carl got sick. I am so deeply ashamed of myself. My only saving grace is that I can HONESTLY say that the only family member I gossiped about is Drina, and then only because I was provoked. The provocation was so aggressive that I overlooked what I felt in my heart and my soul - that whatever Drina did or said was out of fear of losing her husband and the desperation that ensued. I would have reacted the exact same way if it had been me. What has been done to our brother, his family, and their very future is abominable, disgusting, and downright evil. I know now, and have written evidence, that Anita has been after Carl since 2007, all because she simply did not like Drina. I WAS NOT A PARTY TO ANY OF THAT - EVER. And yes, I have said things about you to others, BUT THEY WERE ALL GOOD. I have not "made fun of someone" since I was in elementary school.

So, the same horrible thing with the trust was done to me at the same time it was done to Carl. WHY WAS IT DONE TO EITHER OF US? It has caused me undue emotional anguish and distress since October 2010. Since that time Anita AND Amy have both said over and over and over again, "what makes you think I won't give you your money?". This equates to dangling a stick with a carrot in front of my nose for MORE THAN A YEAR. The fact that neither Amy or Anita even tried

to stop this from happening, because they knew it was wrong and they had the ability to do so, is unforgivable and they most certainly will burn in hell for what they did to Carl and his family.

I screamed at Amy on more than one occasion in YOUR defense, but what I said to her was in the collective defense of any family member who has been judged by another. My philosophy is, and always has been, live and let live. It is NO ONE else's fucking business what any of us do, so long as it does not hurt another living thing, and I very strongly resent the fact that Anita has taken it upon herself to judge any and all of us. To take actions based upon these judgments is nothing short of nazi-ism. It is twisted and sick. I almost pity her to have to live in her own mind. She has taken from Carl and I our hope for the future and the financial security our parents intended to leave us. It has caused our family to break up in pieces that can never be put back together again.

I love you Carole, unconditionally. You are my sister. I feel the exact same way about Carl AND Drina. Our parents had unconditional love for all of us. I used to have that for Amy and Anita. What started as great emptiness in my heart has now become two very small holes. These will be filled in someday and I will be whole again.

Carole, I love talking to you on the phone and I so enjoyed our time together when I was in Houston. We can continue to have those things if you want to. I do. I just need to concentrate on things other than the trust right now. I got my life insurance money so I can pay my property taxes and medical bills. That really has been my biggest worry in all of this, since Mother had been helping me in years past. It is not a very comfortable place to be.

Candy,

I have been in bed most of the week fighting an upper respiratory virus and this morning I logged onto my email to try and catch up and read this from Drina. I did nothing to deserve this type of treatment. Of everyone in this family I thought we would always stay in touch but I guess that is not going to be the case either. I wanted to try and be of help to both of you but it seems that it has to be at your pace regardless of what might be going on in my life but in reality I know neither one of you actually give a crap about me. I cannot turn things around fast enough for you or Drina so please accept my apology for having a full time job and getting sick. I enjoyed our conversations and I wish you the best. I hope you and the rest of the family have a wonderful time making fun of me and my life. If any of you get bored let me know because I am sure I could supply you with more material so you could continue to tear me down in worse ways than you already have.

Hi,

I understand Drina sent you another bombshell email. PLEASE LET IT GO! I'm not defending her in any way, shape or form, but I'm asking you to look at the whole thing with Drina for what it's worth - NOTHING. The Drina bashing started AFTER Anita's first manipulative action in her quest for power and control. It then became her vehicle to screw the rest of us, but first she had to plant the poison in the minds of her puppets. ANITA USED ALL OF US INCLUDING MOTHER.

I will continue to focus ONLY on the trustee(s)' many breaches of trust, failures to disclose, and probable self-enrichment along the way. If you can focus on that too, and temporarily set aside your feelings towards the rest of us (good or bad), we can move more quickly to resolution for all of us. The longer it is dragged out in court, the more it will cost the collective US.

My goal is to get the trust settled the way it was intended to be settled by OUR PARENTS. This whole business with the house sale has cost each of us several thousand dollars already. WHY? Anita complained about Drina leading Carl around by the nose. Now the real estate slut is leading HER around by the nose.

I can almost guarantee that Anita and Amy do not have a settlement

**P14854**

plan. The "books" are totally fucked up, if they even exist, and I suspect Candace is having a hard time putting together an accounting because Anita is even HIDING shit from her in an attempt to save her ass. This too is costing US money. You know as well as I do that if you or I were in charge we would have every penny accounted for and would only need to press a button for the asset schedule. Now we'll have to work twice as hard to reconstruct everything and follow the money into Anita's pocket.

I'm betting we'll never make it to court. WILL YOU HELP ME STRAIGHTEN THE ACCOUNTING OUT WHEN IT COMES TIME?

I hope so.

I have also sent out some subpoenas for bank records and email records and filed the lis pendens on both the house and the farm. The hardest part was getting ready to file. So far it has cost me about \$1,250.00, for 5 copies, fedex, filing fees, and process server fees. The hard work starts now, but to me it's the most fun part. The discovery phase, when I get to ask them questions three different ways: request for admissions - questions they admit or deny, interrogatories - specific questions, depositions - in person questioning with a court reporter. The whole thing has become somewhat of a "hobby". All I am after is for Anita and Amy to follow the law. I have not decided when, or if I am turning this over to the DA's white collar crimes division. I don't really want to play that card and am hoping both of them will settle with me before it gets much farther along.

I am not going to get tricked by either side so I am going to talk to a lawyer. I was never part of the trust and had no control over anything. Being the medical person does not get you much. Just so you know this is not Carl suing it is Drina. Good or bad I used to be able to discuss things with Carl and we did not always agree but I did talk to him.

Hi,

Why are you thinking about hiring an attorney? I hope it's **not** because you have to give a deposition. The whole bunch of those losers are going down. They have all milked the estate one way or another, and have been covering it up, and continue to cover it up. Carl's attorney has a great strategy. She's going to ask questions first and sue later. I'm filing an appeal. I might actually win. I'm glad you are consulting someone, if only for your peace of mind.

Amy laid claim to whatever she wanted at Mother's like Daddy's big electric saw. I wanted it but she gave it away to someone. I have Mother's car and plan to keep it as it is not in the estate. It is at my house and I have the title. If I have to buy it I will. What makes this so hard to is that Drina who needs my help can't even pretend she likes me long enough for this to be over. She has to be so ugly and hateful and that might have worked on Carl but it does not work on me. I have an appt with a \$350 an hour lawyer on Friday.

Dear Carole,

I cannot imagine what it was like to be in your shoes at the ends of our parents lives. I am eternally grateful for everything you did. If not for you, I would have been totally cut off from our entire family and they both may have been stuck away in nursing homes, AGAINST THEIR WISHES. Rik did the same thing you did - gave up his LIFE to take care of his mother the last two years of her life. He still, to this day, gets very emotional about it, for the same reasons you do. He has brothers. None of them were around to help him. Just before she passed away the brothers came to say goodbye. It hurt him so badly to see them exchange love for each other, because he never got that from her. He never got thanked by any of them, including his mother. In fact, she criticized almost everything he did. He becomes despondent over this, more often now that he is seeing what has happened to us. I hoped it helped you in some small way to write this email to me. I AM LISTENING WITH ALL MY HEART AND ALL MY MIND, but you are lying to yourself and to me when you say that I did not stand up for you.

Yes, I am suing Amy and Anita, and now Carl is suing Amy and Anita. He has a legitimate reason to do so, as do I. It has nothing whatsoever to do with Drina, or Carl getting sick. Anita seized control in a premeditated, underhanded, sneaky, manipulative, and most likely fraudulent manner over a period of FOUR years. She now has to ANSWER AND ACCOUNT for everything that occurred during that period of time. All I do know for sure is that whatever she did, or did not do, now has her backed into a corner that she cannot get out of. She sucked Amy into that same corner, or Amy went willingly. We will know the answer to that conundrum too.

I went over your "list" and it appears that you don't have

P14859

anything to provide other than what has been given to you by Amy or Anita since mother passed away.

Amy and Anita have both lied to me. I don't lie, I don't like liars, and I don't like having to SUE liars to force them to tell the truth. Furthermore, the CONCEALMENT of the truth, when they are obligated, by law, to give notice and to account, is FRAUD. That's a crime, regardless of the circumstances.

No, it's not about the money, or the farm, or the house, it's about their blatant disregard for the law and their legal obligations to the rest of us **under the law** that are at issue here. You may have noticed that Carl is also attacking Candace, Vacek, and Vacek and Freed. I'm glad. They truly are snake oil salesmen and if it is discovered that they have been paid \$10's of \$1,000's to help Anita take over, they will pay in more ways than one.

Love you,

C

Thank you for sending this information. I am upset by all of this because none of the people suing lifted much of a finger to help me with Mother and Daddy. I did not get compensated for my work. I bathed Mother and Daddy and changed their depends on many occasions and cleaned up the mess afterwards. I fed them, and sat with them and held their hand and called their friends when the end was near to they could say goodbye. I was there when the oncologist told Mother all cancer treatment needed to cease and she understood what that meant. The DAY of hurricane Ike I drove across Houston to get to Daddy to take him to the hospital because there were no emergency vehicles and the neighbors and I lifted him into the car and got him to the ER. And I had a huge tree from my neighbors yard that fell on MY house but I had to leave it to take care of Daddy. I sat with Daddy in the ER and heard him call for Mother each time she was out of his sight. I was there when Daddy came back from surgery and he was blue and on oxygen and I sat with him until he woke up and I knew he was going to be okay. I was the only one who celebrated his 88th birthday in the nursing home and found the caregivers to take care of him so he could go home. I was at the ER with Mother until 1 in the morning and when we got home Daddy was

P14860

waiting up because he was so worried about her that he would not go to bed. Every time Daddy was in the hospital he would call for Mother so we had to have a caregiver stay with him. When Carl got sick I was there every night to see him and many nights I stayed with him until he fell asleep because he was so scared. I had just started a new job and many afternoons almost fell asleep at my desk because I was so tired. I was the one who found better doctors for Mother and Daddy to keep them alive longer and went to almost every appointment with them. And after Daddy died, who was there to help Mother process ALL the complicated paperwork and file death certificates. I never saw Carl lift a finger to help Mother so I did what I could which was not much and Vasik had to help her with the rest because no one ever offered to help.

I was the one who kept driving such an old car with 220,000 miles and the paint coming off so I could save money because it was paid for. I saved and saved my money at Compaq and even now so I could retire one day. Now that Mother and Daddy are gone I thought I would have a chance to reflect on their lives and pick up my life where I left off 6 years ago but now I am drug into lawsuits against my own family or what is left of it.

If you can't tell that I am grateful for whatever I get then you don't know me very well. All I wanted was for the farm to stay in tack but I will probably loose that too. I was going to drive up to Hull in May all by myself to put flowers on the graves like Mother and Daddy did every Memorial Day but I guess I can put that on hold forever too. Yes I get mad at everyone in the family too but not enough to actually take them to court. It seems everyone in the family needed money and would go to Mother and Daddy for it. Am I mad about that enough to drag the rest you into court and sue you for diluting MY inheritance? No. I sucked it up and figured you must need it and moved on AND TOOK CARE OF MYSELF like I always do. And thanks to any of you for every standing up for me.

Carole would like to purchase mom's car. The blue book value of the car is \$5500. The money from the sale of the car would be evenly distributed five ways so each of us would get \$1100. Does anyone have a problem with Carole buying mom's car? Please let me know by Friday, March 23.

Amy,

I'm not sure any of this is being done lawfully. I do appreciate the communication. As a material matter I don't give a shit about the car. The lack of transparency and the numerous questionable acts and their colorable motives has me deeply concerned. As you well know, compelling circumstances have led to the necessity for legal action. I believe the prudent course at this juncture would be to do nothing until everything is sorted out. I have yet to be fully informed and it may not be safe to continue muddying the water with further activity. Since the rumor mill has me painted as a crazy drug addict, you might seek legal advice before you take any further action.

Your **SISTER**,

Candy

P.S. I vote to **GIVE** Carole the car. It's the least we can do after all the years she took care of our parents. It shouldn't end up a thankless job.

Candy,

When we met in November and were going through mom's things at the house and deciding who got what, I asked you, Anita, and Carole if you had any interest in keeping the car. Everyone told me "sell it". The next time I went to Houston to clean mom's house, I had to buy tires for the car because two were bald and Carole, Anita and I didn't think we should sell the car like that. Candace Freed asked me to find the blue book value of the car so we could include it in the accounting. The blue book value is \$5500.

The weekend before we closed on the house, I made arrangements with a friend of mine to drive to Houston with me and pick up the car and the title. To save me a trip, Carole went over to mom's house and moved the car to her house. Now she has decided she would like to have the car. I was trying to find out if anyone objected to the method Carole was going to pay for the car (by having it taken out of her trust assets). I think it would be better for her to pay \$5500 cash for the car, just as if a non-family member was purchasing the car. I think we should allow Carole to buy the car, but if you are going to create trouble about how the transaction is processed, we won't do it. I'm trying to keep things as simple and direct as possible.

Amy,

There you go putting words into my mouth AGAIN. I don't know about the rest of you, but I never heard the "original plan". I DO object to the tone of your voice in this email. You sound like a big bully. Where do you get off ordering Carole around?

I DO object to your failure to keep all of us informed. What is the purpose of keeping everyone in the dark? Trying to hide something? I said I don't give a shit about the car. In fact, I even went so far as to say give it to Carole. If you view that as an objection, I suggest you get your head out of your ass.

What I DO object to is the lack of transparency. The very fact that you and Anita have taken it upon yourselves to conceal everything, to notify of nothing, and to assert that you and Anita are not "allowed" to discuss the trust with the beneficiaries is preposterous. You and Anita keep asking me to make blind decisions about my beneficial interests. How dare you even pretend to

**P14868**

be acting lawfully when you flat out refuse to prove it?

YOUR CONDUCT IS WHAT I OBJECT TO. You received a Section 75 demand letter and I'm still waiting for a full and complete accounting. Time is running out. I've been marking my calendar, I hope you've been marking yours.

Candy,

The Bank of America Trust Account earned 2 cents interest/month in Dec, Jan and Feb (deposit dates 12/14/11, 1/13/12, and 2/13/12) that accounts for the 6 cent difference in the math. Due to all the legal action surrounding the BFLT, I was considering sending the checks by certified mail in order to document receipt. That will probably cost more than \$9.71. I will refer your questions regarding the taxes and the K-1's to Rich Rikkers, CPA.

I checked w/ Candace Freed before I deposited the money in to the Survivor's Trust Account - she said it would be ok as long a I kept track of the deposit - since the original Bank of America Account was a savings acct, I couldn't write checks on it.

Hi Anita,

Seems like you jumped the gun filing the **final** tax return for the life insurance trust as of 12/31/11. We didn't get the proceeds until 2012. Will we be getting another K-1 for 2012? If so, how would that tax work be paid for if the accounts have been closed?

I know this is petty but  $\$496.59 - \$305 - \$43.80 - \$5 = \$142.79$   
 $\$142.79 + \$166.86 = \$309.65 / 5 = \$61.93$

You should always double check your math. If you get the same answer twice you'll know it's correct.

My concerns about lack of proper accounting increase ten-fold with your math errors (petty or not) and when you say things like "So there is a total of \$309.71 remaining as an asset in this trust. Divided by 5, that comes to about \$60/person. I will use the remaining \$9.71 for mailing

**P14870**

expenses."

The life insurance trust should have been the most simple trust to settle. Why would you deposit life insurance trust money into the survivor's trust checking account? What tax consequences might your actions cause? There is not a remaining asset in the life insurance trust if you have closed out the life insurance trust accounts. If you send 4 envelopes with checks @ .45 each (plus .05 for the envelope) where will the remaining \$7.71 go? In your pocket?

I will be sending you a check shortly for \$60 which reflects the remainder of the money in the life insurance checking account (Lincoln Financial Group: acct#9592184122) and in the savings account w/ Bank of America that was originally set up by mom and dad from which to pay the insurance premium (acct #: 008519206643).

Bank of America Transactions:

On 11/14/11 there was \$496.59 in the Bank of America acct. I paid Rich Ridders w/ Kroese & Kroese, CPA \$305 to prepare and file the final tax return for this trust and prepare your K-1's. I reimbursed myself \$43.80 which was for mailing expenses to send you your life insurance check of \$50,088. The account was also charged a \$5 maintenance fee leaving a balance of \$142.85. I transferred that amount to the Survivor's Trust Checking Account, because this account was a savings account, and I don't have checks for it - creating money orders were \$10/each and would eat up the a good part of the remainder. I closed this account on Friday 3/23/12.

Lincoln Financial Group acct:

The life insurance acct w/ Lincoln Financial received another interest payment of \$154.40 on 1/31/12, and they automatically sent me a check for 166.86 dated 3/1/12 and closed the account (this was a policy of the life insurance company, when the balance in the checking acct got below \$1000, they send a check for the balance and close the account) - I deposited this into the Survivors Trust Checking Acct as well.

So there is a total of \$309.71 remaining as an asset in this trust. Divided by 5, that comes

**P14871**

to about \$60/person. I will use the remaining \$9.71 for mailing expenses.

Candy,

Regarding your questions about the filing of the tax return. There was a small amount of interest accrued (\$166.86) in the Lincoln Financial Account just in the time it took to distribute and cash the distribution checks to everyone. A final 2012 tax return will be filed and each beneficiary would include the income from the 2012 K-1 on their 2012 tax returns. So yes, you will be getting a K-1 for 2012 and the return will be filed at no additional cost to the trust.

Kröese & Kroese, P.C.

Sioux Center, IA 51250

RE: Appraisal of farm real estate owned by Elmer H. Brunsting Trust

Dear Mr. Rikkens:

At your request an appraisal has been completed on the agricultural real estate owned by the above named and located in Sioux County, Iowa. The property has been inspected and appraised for purposes of determining its "As Is" "Market Value" in "as is" condition. This is a summary report format. This appraisal has been prepared in compliance with the 2012/2013 Uniform Standards of Professional Appraisal Practice (USPAP) and in compliance with the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (FIRREA). This appraisal report is being prepared in conjunction with the Gramm-Leach Bliley Privacy Act. This Act became effective July 1, 2001.

Working Legal Description:

The NW Fr. ¼ excluding tract in Section 2, Township 96 North, Range 45 West of the 5<sup>th</sup> P.M., Sioux County, Iowa, Tract contains 143 gross acres more or less.

After an investigation of the available information pertinent to the value of the subject property, my opinion of the "As Is" "Market Value" in "as is" condition as of the date of inspection February 7, 2012, is:

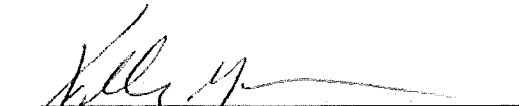

**\$2,190,000 or \$15,300 per acre**  
**(Two Million One Hundred Ninety Thousand Dollars)**

These valuations are NOT a guarantee of their "sales prices". The valuations developed herein are "Market Values" as defined within this report. The "real estate/business" market is NOT a "perfect" market. The actual sales price for the subject property may be higher or lower than the reported valuation.

The property interest appraised is "fee simple" valuation. The value is considered to be in "as is" condition. Additionally, the value is considered to be in "as clean" condition. The valuation does not take into account any environmental hazards or potential clean up costs from these. Clean up costs must be deducted from the "as clean" valuation in order to determine current valuation on this property, if applicable. No warranties or assumptions concerning any mechanical condition of the property are provided herein. Your attention is invited to the data and discussion contained within this report from which, in part, this conclusion was derived.

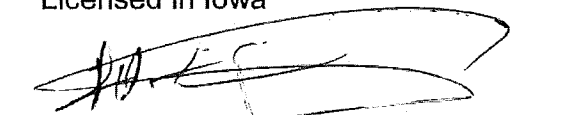

Thank you for the opportunity to prepare this appraisal for you.

Respectfully submitted,

This appraisal report has been made with the following general limiting conditions:

1. Any allocation of the total value estimated in this report between the land and the improvements applies only under the stated program of utilization. The separate values allocated to the land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.
2. Possession of this report or a copy thereof, does not carry with it the right of publication.
3. The Americans with Disabilities Act (ADA) became effective January 26, 1992. The appraiser has not made a specific compliance survey or analysis of the property to determine whether or not it is in conformity with the various detailed requirements of ADA. It is possible that a compliance survey of the property and a detailed analysis of the requirements of the ADA would reveal that the property is not in compliance with one or more of the requirements of the act. If so, this fact could have a negative impact upon the value of the property. Since the appraiser has no direct evidence relating to this issue, possible noncompliance with the requirements of ADA was not considered in estimating the value of the property.
4. The forecasts, projections or operating estimates contained herein are based on current market conditions, anticipated short-term supply and demand factors, and a continued stable economy. These forecasts are, therefore, subject to changes with future conditions. No responsibility is assumed for any resulting changes in market value or marketing conditions resulting from a change in future economic conditions.
5. The parties in this appraisal (i.e.: property owner, buyer, seller) are given disclosure privileges of distribution rights. These distribution privileges are not equal nor should they be construed as being the same privilege as an "Intended User". This appraiser is not obligated nor will they discuss this appraisal report with any of the above described entities unless they have been specifically identified by the appraiser as an intended user with similar privileges as the client in terms of direct communication rights.
6. Furthermore the "parties" as identified above may be given disclosure and distribution rights of this appraisal report in accordance with the Dodd-Frank Act and the Equal Credit Opportunity Act (ECOA) legislation as amended in 1991. This disclosure privilege does not constitute an intended user relationship with this appraiser. The implied relationship expands the duty to borrowers or other parties to this appraisal, other than identified "Intended Users", which would add to appraisers substantive obligations to lenders or other "Intended Users" in terms of communicating conditions not able to be identified by an appraiser such as structural integrity, continued operation of mechanical systems or ratings or abbreviations which may be required in a report under the MISMO or XML format. **THE APPRAISER CAN NOT AND WILL NOT ASSUME LIABILITY FOR BORROWERS, OR OTHER PARTIES AS IDENTIFIED ABOVE IN TERMS OF THEIR UNDERSTANDING** of the tasks, rules, regulations or standards of care in developing and reporting the appraisal. The appraiser is obligated to perform the appraisal in a non-negligent fashion, however the appraiser **DOES NOT OR NOR WILL THEY NOW OR IN THE FORSEEABLE FUTURE** owe the borrower, or parties as identified above the same standard of care in detailed communication of the process that is due to the client and intended users of this appraisal report. No information found within this appraisal report will be discussed by the appraiser with any of these parties as it would be a violation of the appraiser-client confidentiality requirements.

### SUMMARY OF SALIENT FACTS AND SCOPE OF WORK

Authorization for this appraisal was received by Vander Werff and Associates, Inc., of Sanborn, Iowa, from Mr. Rich Rikkers, Kroese & Kroese, P.C., 540 North Main, Sioux Center, IA 51250. In written communication to this appraisal firm, Mr. Rikkers requested an appraisal on farm real estate owned by Elmer H. Brunsting Trust. The purpose for the appraisal is to determine the "As Is" "Market Value" as of the date of inspection, February 7, 2012.

The client for the appraisal is Kroese & Kroese, P.C., Rock Valley, IA. The intended user is Kroese & Kroese, P.C.. A summary appraisal report was requested.

Prior to making my inspection of this property, Vander Werff and Associates, Inc. completed courthouse work. This courthouse work included research at the County Assessor's office, Recorders office, Treasurer's office, Auditor's office, and Zoning officer. Information compiled included building sizes, overall size of the farm, history of past purchase information, copies of deeds and/or contracts, real estate taxes, mill levies, and other pertinent information concerning the subject property.

In accordance with the 2012/2013 USPAP edition the requirement of work history over a three year period must be disclosed prior to acceptance of the assignment (or if discovered after acceptance during the research in the assignment). Vander Werff and Associates, Inc. have not previously appraised this property.

My inspection of the subject property occurred on February 7, 2012. My opinion of the subject property's "As Is" "Market Value" is being established as of this date.

When making my inspection of this property I took general notes concerning it and photographs. I observed the property's site and its environs, and received all necessary information for the preparation of this appraisal report. Adequate time was allowed for a complete inspection.

The subject property being appraised comprises 143 acres more or less of farm real estate and has direct road access via 330<sup>th</sup> Street and Hickory Avenue. This tract contains 141 acres considered tillable and 2 acres considered road and waste. The tillable land is level. Soil types on the tillable land include Galva, Primghar, Marcus and Afton series. These have silt clay loam sub soils with topographies ranging from zero to five percent, and land CSRs ranging from 65 to 77. The cropland has an average weighted CSR of 71.3. The farm is clean and in a good state of productivity.

Subsequent to inspecting the subject property this appraiser determined appropriate appraisal methodology and techniques to utilize in developing the subject property's valuation.

I analyzed the needs and expectations of the client and intended user, and any supplemental standards set forth.

I analyzed the land and improvement characteristics. I analyzed the land physical, legal, and economic characteristics, and the availability and reliability of market information including comparable sale data, income and expense data, and cost data.

I analyzed the improvements physical, legal, and economic characteristics. I analyzed the availability and reliability of market generated information including comparable sale data,

income and expense data, capitalization data, and cost data including RCN and depreciation analysis.

After my inspection of the subject property and based on its physical and legal characteristics, and the market it is located in, I have concluded that utilization of the Direct Sales Comparison, Income, and Cost Approaches will produce a credible value estimate and accommodate the needs of the client and intended user.

**In determining the subject property's market valuation, this appraiser utilized the Direct Sales Comparison, Income, and Cost Approaches.** In determining the subject property's market valuation by the **Cost Approach**, I utilized Marshall Swift. Marshall Swift is a nationally recognized cost estimating service and provides replacement cost information for all types of commercial, agricultural, and residential properties. This service was utilized in determining the replacement cost new. Depreciation for the Cost Approach was derived from market analysis, direct sales, as well as direct observation by this appraiser, particularly in the areas of functional utility and physical depreciation.

In determining the valuation for the subject property by the **Income Approach**, if this is a "going concern" appraisal, actual income was utilized from the subject property, supported by the marketplace with actual expenses being considered and adjusted for market norms. In the event this is not a "going concern" appraisal, this appraiser considered actual rental of the subject property, if applicable, with market rental being determined from several sources. Vander Werff and Associates, Inc. have developed broad base data that includes rental information for properties similar to that of the subject property. This rental information typically includes gross rental, expense ratios, gross income multipliers, and capitalization rates. This information was utilized in determining the subject property's valuation by the Income Approach.

In determining the subject property's valuation by the **Direct Sales Comparison Approach**, this appraiser utilized Vander Werff and Associates, Inc. database of farmland sales from Sioux County, Iowa dated 2011. The sales that most resembled the subject were utilized within this report.

My opinion of the "As Is" "Market Value" as of the date of inspection, February 7, 2012, is **\$2,190,000 or \$15,300 per acre.**

This appraisal has been completed in compliance with the Uniform Standards of Professional Appraisal Practice. This is a summary appraisal report format. The appraisal has been prepared in compliance with Reporting Standards Rule 2-2b and the Financial Institutions Reform, Recovery, and Enforcement Act of 1989 (FIRREA).

### "MARKET VALUE" DEFINITION

The purpose of this appraisal is to arrive at "Market Value" as below defined. "Market Value" as defined by the 2012/2013 Edition of USPAP page U3 is as follows.

**"Market Value":** a type of value, stated as an opinion, that presumes the transfer of a property (i.e., a right of ownership or a bundle of such rights), as of a certain date, under specific conditions set forth in the definition of the term identified by the appraiser as applicable in an appraisal.

Comment: forming an opinion of "Market Value" is the purpose of many real property appraisal assignments, particularly when the client's intended use includes more than one intended user. The conditions included in market value definitions establish market perspectives for development of the opinion. These conditions may vary from definition to definition but generally fall into three categories:

1. the relationship, knowledge, and motivation of the parties (i.e., seller and buyer);
2. the terms of sale (e.g., cash, cash equivalent, or other terms); and
3. the conditions of sale (e.g., exposure in a competitive market for a reasonable time prior to sale).

After interviewing the client for this appraisal assignment I have concluded the current economic definition of "Market Value", agreed upon by agencies that regulate federal financial institutions in the United States of America as per 2012/2013 edition of The Uniform Standards of Professional Appraisal Practice is the "Market Value" to be established in this appraisal. The definition of this "Market Value" is:

**"Market Value"** is the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of good title from seller to buyer under conditions whereby:

1. buyer and seller are typically motivated;
2. both parties are well informed or well advised, and acting in what they consider their own best interests;
3. a reasonable period of time is allowed for exposure in the open market;
4. payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto, and;
5. the price represents normal consideration for the property sold unaffected by special or creative financing or sales concessions granted to anyone associated with the sale, or other special or creative terms, services, fees, costs, or credits involved in transaction.

### DISCUSSION OF APPRAISAL APPROACHES

In this appraisal, the following information will be provided. There will be a discussion of approaches to value, including the Direct Sales Comparison Approach, Cost Approach, and Income Approach. The General Nature of the Area Being Appraised, Highest and Best Use, Zoning and Taxes, and History of Ownership will then be discussed. This will be followed by a description of the Current Marketing Conditions and a General Description of the farm or acreage being appraised.

The appraisal report then follows. This is the USDA RECD revised Form 422-1. This form is nationally recognized in the appraisal of agricultural real estate and utilizes all three approaches to the appraisal process as well as a general discussion of the subject property itself. Attachments to this appraisal will include a discussion of the Direct Sales Comparison Approach, a final correlation of value and comments, as well as pertinent photographs, aerial photos, soil maps, county maps, and other pertinent information. (Complete Self-Contained or Summary Reports Only)

The three approaches to the appraisal process are the Cost, Income, and Direct Sales Comparison Approaches.

### **The Direct Sales Comparison Approach**

The Direct Sales Comparison Approach to value is based on the principle of substitution. That is, the value of the property tends to be set by the price that would be paid to acquire a substitute property with similar utility and similar desirability within a reasonable amount of time. The principle of substitution implies the reliability of the Direct Sales Comparison Approach is diminished if substitute properties are not available in the market. The Direct Sales Comparison Approach is applicable to all types of property interest when there are sufficient, recent and reliable transactions to indicate value patterns or trends in the market. For property-types that are bought or sold regularly, this approach often provides a very reliable indication of "Market Value" and is the most direct and systematic approach to value estimation.

Vander Werff and Associates, Inc. typically utilizes three to five comparable sales in determining the subject property's "Market Value" by the Direct Sales Comparison Approach. The sales utilized are selected because they have exhibited the greatest degree of comparability to that of the subject property. The sales are selected from Vander Werff and Associates, Inc. extensive comparable sales database, updated regularly compared with and researched with other appraisers, commercial property brokers and others. Adjustments of individual items of comparison are made between the subject and sale property. A plus adjustment indicates the subject property is more valuable than the sale property in that particular area. A negative adjustment indicates the subject property is less valuable than the sale property on the particular item being considered. No adjustment indicates the subject and sale properties have a similar value when considering that particular item. Adjustments can be made on a dollar basis, per square foot basis, percentage basis, per productivity point basis, per acre basis and may include square footage, year built, quality/condition, location, functional utility, fixtures, unattached equipment, support buildings, site contributory value, as well as other factors which could affect or influence the subject and/or sale property. When deriving a "going concern" valuation, a typical unit of comparison is gross income.

The comparable sales utilized herein have been verified by Vander Werff and Associates, Inc. Typically, worksheets are included in the addendum section of the appraisal report.

### **The Income Approach**

The Income Approach often called the Income Capitalization Approach is defined by the dictionary of real estate appraisal as a set of procedures in which an appraiser derives the value indication for income producing property by converting anticipated benefits in the property value. This conversion is accomplished either by number one, capitalizing a single years income expectancies at a market derived capitalization rate or a capitalization rate that reflects a specified income pattern, return on investment, and change in the value of the investment or

number two, discounting the annual cash flow for the holding period and the revision as specific yield rate. Generally speaking the Income Approach determines the gross fair rental income for the subject property or actual gross income. In determining the gross fair rental income this appraisal firm determines income for cropland based on cash rental type leases. These leases are based on estimated potential income for crop acres as well as pasture. This determination is based on actual cash rentals obtained within this county by this appraisal firm.

Annually Vander Werff and Associates, Inc. conducts its own survey of agricultural rentals from Iowa, Minnesota, South Dakota, and Nebraska. This is also supported by Iowa State University Surveys as well as actual rentals received from lenders, farm real estate managers, and other involved in the agricultural market. Income from the comparable sales utilized in the Direct Sales Comparison Approach section is also relied upon in determining market rental for the subject property. Expenses are then determined based on actual as well as anticipated and/or industry standards. Vacancy allowances are determined and a net income is arrived at. A capitalization rate must then be applied to the net income. The capitalization rate is determined utilizing the Band of Investment Theory, the Built Up Method, and the Direct Capitalization Method, wherein the risk factors are determined as well as overall anticipated rates of return as determined by the marketplace and/or potential buyers. This appraiser typically utilizes the Direct Capitalization Method when market data is available. The Direct Capitalization Method utilizes actual rental in determining the capitalization rate. The Built Up Method and Band of Investment Theory are typically utilized as support, or utilized as primary determining factors in capitalization rates when direct market data is not available. When the capitalization rate is arrived at, the net income is divided by the capitalization rate to arrive at the valuation for the subject property utilizing the Income Approach.

### **The Cost Approach**

In the Cost Approach the replacement cost new of the improvements are determined utilizing Marshall & Swift replacement cost valuation guides. Marshall & Swift is a national cost estimator providing estimates of replacement costs for various residential, commercial, and agricultural buildings. The cost estimating service localizes replacement cost new for any section of the country including Iowa, Minnesota, South Dakota, and Nebraska. Typically the replacement cost new is supported by local data gathered by this appraisal firm, information provided within the appraisal report. The replacement cost of the subject property is typically determined utilizing the square foot method. Once the replacement cost new for the building improvements is determined depreciation must then be applied. Depreciation includes physical, functional, and external factors. If the appraisal report also includes agricultural land the contributory value of the land is determined on the following basis. The crop acre soils are broken down into their individual types of soils, and based on each soil's corn bushel yield rating, a valuation is found. The value per corn bushel yield rating point is determined directly from the comparable sales utilized within this appraisal report. If this is a building site sale only, the site valuation, based on direct sales, is determined and added to the building valuation, with the combined value indicating the total estimate of valuation within the Cost Approach.

### **CORN SUITABILITY RATING**

Corn Suitability Ratings provide a relative ranking of all soils mapped in the state of Iowa based on their potential to be utilized for intensive crop production. The CSR is an index that can be used to rate one soil's potential yield production against another over a period of time. The CSR index accounts for climatological conditions as well as intensity and frequency of row crop management systems for each soil unit. Ratings range from 100 to soils that have no physical

limitations, occur on minimal slopes, and can be continuously row cropped, to as low as 5 for soils with severe limitations for row crops. The highest CSR index in northwest Iowa is 80. The CSR assumes (1) adequate management, (2) natural weather conditions (that is, no irrigation), (3) artificial drainage, where required, (4) soils lower on the landscape are not affected by frequent floods and (5) no land leveling or terracing. The CSR for a given field can be modified by sandy spots, rock outcroppings, field boundaries, etc.\*

### HIGHEST AND BEST USE

Highest and best use of a property is defined as that reasonable and probable use that will support the highest present value, as defined, as of the effective date of the appraisal. Alternatively, it is "that use, from among reasonable, probable, and legal alternative uses, found to be physically possible, appropriately supported, financially feasible, and which results in highest land value." To estimate the highest and best use of a site, the appraiser utilized four tests. The projected use must meet all four of these tests: 1.) Legally permitted. 2.) Physically possible. 3.) Economically feasible. 4.) Most profitable. Each potential use of a property is considered by the appraiser in terms of these four tests. If a proposed use fails to meet any of the tests, it is discarded and another use is reviewed. The highest and best use meets all four tests.

The determination of highest and best use results from the appraiser's judgment and analytical skill - that is that the use determined from analysis represents an opinion, not a fact. In appraisal practice, highest and best use is the premise upon which value is based. In the context of most probable selling price (market value), another term for highest and best use would be "most probable use." In the context of investment value, an alternative term would be "most profitable use".

"The definition immediately above applies specifically to the highest and best use of the land. It is to be recognized that in cases where a site has existing improvements on it, the highest and best use may very well be determined to be different from the existing use. The existing use will continue, however, unless and until land value in its highest and best use exceeds the total value of the property in its existing use."

In determining the highest and best use for the subject property I considered the four standard principles.

1. Legally Permissible
2. Physically Possible
3. Economically Feasible
4. Most Profitable

When analyzing the subject property as vacant, permitted uses include rural building site or land available for agricultural production. These uses are physically possible and economically feasible as evidenced by surrounding land use patterns. Further analysis of surrounding land use patterns indicate the majority of the land in the area is unimproved and not utilized for building improvements. As such, the highest and best use when analyzed as vacant is considered land available for agricultural production.

**DISCUSSION CONCERNING DIRECT SALES COMPARISON APPROACH**

Please see grid entitled Direct Sales Comparison Approach Farmland Properties

In determining the "Market Value" of subject property by the Direct Sales Comparison Approach this appraiser utilized Vander Werff and Associates, Inc. land sales in Sioux County, Iowa dated 2011. The three sales most similar to the subject property were selected and utilized within the report. The sales were viewed and verified by this appraiser.

Adjustment factors considered by this appraiser include those basic elements of comparison as described in "THE APPRAISAL OF REAL ESTATE, 13<sup>TH</sup> EDITION" as distributed by The Appraisal Institute. The 10 basic elements of comparison that should be considered by an appraiser within the Direct Sales Comparison Approach include:

- Real property rights conveyed
- Financing terms
- Conditions of sale
- Expenditures made immediately after purchase
- Market conditions (time)
- Location
- Physical characteristics – e.g. size, construction quality, condition
- Economic characteristics – e.g. expense ratios, lease provisions, management, tenant mix
- Use (zoning)
- Non-realty components of value

Ultimately differences were noted in the area of land CSR, percent tillable, and land undulations. The Direct Sales Comparison Approach utilizes dollar value per CSR point tillable at time sale as the basis of comparison. This accounts for difference in land CSR and percent tillable with no further adjustments required for differences in these attributes. Differences in land undulations are made with a qualitative notation. If the subject property is considered superior a plus sign is utilized. If the subject property is inferior a minus sign is utilized. If the subject property is equal to the comparable sale an equal sign is utilized. Value indicators will be reconciled in the final reconciliation to value estimate.

#### **Direct Sales Comparison Approach Final Reconciliation to Value**

When analyzing the subject property versus the three comparable sales, all appear supportive of the subject property's "Market Value". The range of value illustrated is from \$192.99 to \$246.47 per CSR point tillable. The midpoint is \$219.21 per CSR point tillable. Considering the subject property's lay of land and land CSR a value near the midpoint is recommended.

The recommended "Market Value" for the subject property is \$219 per CSR point tillable. This multiplied by the subject property's CSR of 71.3 equals a value of \$15,615 per tillable acre, multiplied by 141 tillable acres equals a total value of \$2,201,715.

**The recommended "Market Value" for the subject property by the Direct Sales Comparison Approach is \$2,201,715; say \$2,200,000.**

### DISCUSSION CONCERNING INCOME APPROACH

The property's market valuation by the Income Approach was determined by utilizing fair cash rental as well as rental information provided this appraiser. The estimated fair cash rental for the 141 crop acres of the subject property is determined to be \$350 per acre. The crop acre valuation was determined from comparable sales #1, #2 and #3 which had fair cash rentals on their crop acres of \$375, \$350 and \$350 per acre respectively. This supported by an annual rental survey conducted by Vander Werff & Associates, Inc. The estimated fair cash rental of the 141 crop acres of the subject property is \$350 per acre; this 141 multiplied by the \$350 equals a fair cash rental for subject property's crop acres of \$49,350.

In keeping with appraisal methodology expenses must then be determined and deducted from the gross income. These expenses include actual real estate taxes of \$2,732 per year and estimated liability insurance costs of \$72. Liability insurance costs are based on \$.50 per acre with a minimum of \$40 liability insurance costs, as per information supplied by PRI Services, Ltd., a full service insurance agency, Sheldon, Iowa. The total expenses for the subject property are \$2,804. This subtracted from the gross rental income leaves an annual net farm income of \$46,546.

In keeping with appraisal methodology, a capitalization rate must then be applied to the net income to derive the income valuation. This appraiser considered the Built Up Method, the Band of Investment Theory, and the Direct Capitalization Method. The Direct Capitalization Method was selected. It is the most reliable method when market information is available, which it was, specifically comparable sales #1, #2 and #3. These sales had capitalization rates of 2.04, 2.05, and 2.47 percent respectively. A 2.15 percent capitalization rate was determined for the subject property. This is supported by broad base data for Sioux County land sales. The net income of \$46,546 divided by 2.15 percent indicates a capitalization value for the subject property by the Income Approach of \$2,164,930 say \$2,170,000.

## Cost Approach

Avg Weighted CSR:	71.3	CSR Factor	\$219	Per Acre Value	\$15,615
-------------------	------	------------	-------	----------------	----------

Cropland	141	\$2,201,715
Permanent Pasture		
Woodland		
Farmstead		
Roads, etc.	2	
<b>Total Acres:</b>	<b>143</b>	

Recommended Market Value of Land:           \$2,201,715  
 SAY:                   \$2,200,000

**DISCUSSION CONCERNING COST APPROACH**

In determining the valuation for the land, the soil types were broken down into their individual units and a value for each soil type was arrived at, based on that soil's particular CSR. Permanent pasture, river, timber, trees, and other contributory value was then determined, based directly on the comparable sales included in the Direct Sales Comparison Approach section of this appraisal report and supported by the Broad Base Data for like properties.

In determining the market valuation for the subject property by the Cost Approach a CSR factor was selected and applied to the subject's average weighted CSR. This determined the value per tillable acre. The CSR factor selected was based directly on comparable sales #1, #2 and #3 which exhibited CSR factors of \$246.47, \$218.18 and \$192.99 respectively. \$219 is determined to be the subject's CSR factor. The subject property's average weighted CSR is 71.3. The CSR factor of \$219 multiplied by the subject's average weighted CSR of 71.3 equals a valuation per tillable acre of \$15,615. This \$15,615 multiplied by 141 tillable acres equals a tillable land contributory value of \$2,201,715. The 2 acres of road and waste have no contributory value by the Cost Approach.

**The total valuation for the subject property by the Cost Approach is \$1,201,715, say \$2,200,000.**

**FINAL RECOMMENDED "MARKET VALUE"**

My opinion of the "As Is" "Market Value" for the subject property as of the date of inspection, February 7, 2012 is \$2,190,000.

The Direct Sales Comparison Approach gives a recommended "Market Value" of \$2,200,000. The Income Approach gives a recommended "Market Value" of \$2,170,000. The Cost Approach gives a recommended "Market Value" of \$2,200,000.

In determining the "Market Value" for the subject property all three approaches were utilized and considered by this appraiser. The Direct Sales Comparison Approach has received the highest degree of weighted consideration in determining the estimated market valuation for the subject property.

Typically farms similar to the subject property are bought and sold on a competitive basis with other competing properties that may be available for sale utilizing the principle of substitution. This is the Direct Sales Comparison Approach.

The Income Approach is an excellent support. Investor purchasers of properties of this type definitely consider income potential, as well as cash rental rates. The Income Approach has utilized market-generated information in determining expenses, capitalization rates, and gross income.

The Cost Approach is also an excellent support. It is very closely related to the Direct Sales Comparison Approach in that land and building valuations are derived from direct market analysis of comparable sales.

**My opinion of the "As Is" "Market Value" for the subject property as of the date of inspection, February 7, 2012 is \$2,190,000.**

This valuation is NOT a guarantee of its "sales price". The valuation developed herein is a "Market Value" as defined within this report. The "real estate/business" market is NOT a "perfect" market. The actual sales price for the subject property may be higher or lower than the reported valuation.

All --

It's a beautiful spring day here, on this 3rd anniversary of our dad's death. As I reminisce I can't help but wonder what our parents would think about the goings on. His presence, and now mother's, are always near me. This gives me comfort as I reflect upon the past, and strength as I go forward into the unknown.

There is one thing I **do** know. Those who have disgraced their memory and soiled the benevolence of their gift to all of us **will** be held to answer.

Your sister,

Candy

As there was no explanation regarding her plan to do so and I am not a mind reader, you are both required to notify both me AND my attorney about **anything pertaining to the trust.**

**I do not think that sending both of us emails about the goings on is asking for too much.**

It is not merely a courtesy to keep me informed of what is going on with the trust, but your inherent duty as trustees.

I do not appreciate any lectures from either of you when you were both specifically asked to keep my attorney informed.

Speaking of your duties to inform, I am also mystified as to why I have not been notified about **ANYTHING** regarding the sale of the house nearly one month ago.

Carl,  
Bernard Matthews was working on a letter to Bobbie Bayless that included a copy of the farm appraisal so Anita didn't send her a duplicate copy of the appraisal. She sent it to your email address as a courtesy so you would know what is going on.

Carole, Amy and Anita,

I will be in Houston over the weekend of May 18th. Rik is performing at a benefit for U.S. Vets at Reliant Stadium. You may ask yourself "why is she telling us this?"

I am telling you this because... I am sick and tired of all this fucking around. The three of you are class A felons. Your crimes were "CONFESSED" to in the quasi-schedules attached to Amy and Anita's moron attorney's arrogant letter. These crimes were committed while our elderly Mother was still alive, which kicks the felony up to the next level (follow the link below and then read the Texas Penal Code). If you don't have the smarts to try to settle this amongst ourselves, before May 18th, I would suggest you consult with a criminal attorney and stop wasting your time and money with a used car salesman. If I do not have a valid and responsible offer by the time I reach Houston, I will retain counsel at public expense, by dropping in at the Harris County District Attorney's Office and filing a criminal complaint. They will probably refer me to the local police agency, but that's just a formality.

**P14942**

The case below is one of many. This could be what happens to you. I suggest you read it carefully. If I have to turn the dogs loose, the whole notion of resolving this matter within the family goes out the window. You see it every day in criminal court. When a defendant comes up for sentencing the lawyer is talking about all of the propitiation and everything the defendant has done to pay restitution and to set things right. That's when he finds out his propitiation is worth less than, than it would have been had he accepted the kind of offer I am giving you. Don't wait until after you have been arrested to try to make things right. There is no way in hell you are going to get away with it. Are you so spastic that you cannot understand that you are exposed? That you have to answer and that it all comes out? All you can do by fighting the inevitable is to make yourselves more culpable.

<http://www.law.com/jsp/tx/PubArticleTX.jsp?id=1202424168006&slreturn=1>

By the way, I'm still suing you in federal court, despite what your dumb-ass excuse for an attorney told you. Clown school 101 is just about over. Next semester is all about crying.

Have a great weekend.

Candy

Dear Carole,

Our Mother's estate was looted and robbed while she was sick and dying, under your watch, and you have the audacity to ask me how I can speak to you like this?

The time and place for this discussion will be set by the court. First it will be by deposition in a public forum and then it will be on the witness stand. The way it is going, you may end up in two courts - one civil and the other criminal. All discussions will be under oath and all of the questions and answers will be made a part of the public record. You will be able to explain how you managed, along with Amy and Anita, to collectively purloin over half a million dollars in 15 months **that we know of**, while Mother was still alive. You will need to show what those funds were used for. I suggest you start looking through your car for all the receipts and other paperwork, because that's where you seem to misplace everything. If you have nothing to hide you should have no problem whatsoever proving that. However, I suggest that you consult with a criminal attorney for advice, since misappropriating fiduciary assets while the aged victim yet lives, is NOT related to probate or trust administration, and can cause you to be convicted and incarcerated. Make no mistake about it - this is not a threat.

I have never threatened or bullied you. You have been lying to me all along. You are just as guilty as Amy and Anita and Texas has what they call "aiding and abetting breach of fiduciary". You conspired and took what did not belong to you and you think because you were not the trustee that you are not liable? One who aids and abets breach of fiduciary, adopts the fiduciary relationship upon themselves, and are just as guilty as the trustees. New research reveals the possibility of RICO act charges.

[http://en.wikipedia.org/wiki/Racketeer\\_Influenced\\_and\\_Corrupt\\_Organizations\\_Act](http://en.wikipedia.org/wiki/Racketeer_Influenced_and_Corrupt_Organizations_Act)

At first glance you may dismiss this out of hand because it does not appear to

**P14946**

apply. However, if you manage to read and comprehend to the very end, you will see that the shoe fits all of you. Because it now appears to be a conspiracy, you are all joined at the hip. Don't worry, they might house family together in the penitentiary.

Any of you wearing these shoes, thinking you have nothing to worry about, need to get a grip on reality. My patience has been tried and is wearing thin, not to mention the emotional distress involved in contemplation of putting my own sisters in prison. Denial and excuses, where evidence of transactions and financial records are the appropriate responses, is going to end my tolerance in short order.

It is obvious why you would seek to discuss these matters mano y mano, in a forum where the dialog is hearsay, but I have NOTHING to hide and am above reproach in every way. I am available by phone 24/7.

As far as an apology, I have had enough of your excuses. You will suffer the consequences of your actions, whatever they turn out to be. If the promise of justice seems like a threat, then you should reevaluate your claims.

C

First let me say, I don't owe any of you jack shit. You owe me an explanation - as a matter of law. I find it hard to believe that you are so obtuse that you are blind to the reality here.

Let's start with Schedule E

Beginning 1/3/11 there are online banking transfers to Carole/mom. Pursuant to the Accounting, "...A separate account under the management and control of Nelva Brunsting and Carole Brunsting was utilized for Nelva's medical and household expenses, and transfers to Carole for this purpose are listed in this schedule, since the trustees do not have the records of this account." The last transfer recorded is dated 11/10/11, the day before Mom's death. The total amount transferred in a less than 10 month period is **\$99,166.20** which equates to \$9,916.62 per month, or \$2,479.16 per week, or \$354.17 per day, or \$14.76 per hour. While the stated purpose of the account is for "Nelva's medical and household expenses, it is unclear what constitutes medical OR household expenses, since there are medical payments directly from the trust account, as well as utility payments and groceries. **Carole, if you ever have to give a deposition, you will have to supply documentation for every penny of this money beforehand. Hopefully you can demonstrate that all of it went for Mom's medical and household expenses.** I am sure some portion of this went to caregivers, and I know they were expensive. Also, on 4/11/11, two identical transfers, in the amount of \$3,000.00, were

recorded. Perhaps it is a duplicate, perhaps not. We will find out when we see the bank statement covering that period.

I could be mistaken Carole, but I seem to recall you had the Bluebonnet Credit Union card. This is listed as being for household/medical, and a total of \$5,855.15 was paid to this account.

Something you may not know is, **OUR FATHER DID NOT BELIEVE IN CREDIT AND DID NOT USE CREDIT CARDS UNLESS ABSOLUTELY NECESSARY, AT WHICH TIME HE PAID THEM OFF IMMEDIATELY. HE ALSO ALWAYS PAID CASH FOR CARS!**

Anita, you tried to "excuse" the payment of your personal credit card bills out of Mom's account with the notion that you were owed trustee compensation pursuant to some agreement you had with Mother. **You will need to produce the agreement before you give your deposition.** B of A began 3/1/11 and Chase began 6/6/11, with the last payments made 11/7/11 and 11/8/11 respectively. Comparing Schedule E to H, B of A on E = \$27,700.98 and on H = \$21,503.77. ??????? Your credit card usage appears to be irresponsible and beyond your means. If true, and it continues, you will be putting your financial future and that of Luke and Katie in jeopardy. Do the math and you will find your usage equates to more than \$61,500.00 per year. You must make a huge salary at the college to afford that. What will happen when you are a convicted felon, in prison or out? I doubt the college would allow you to come back. How did Dad know to ONLY make you trustee of an IRREVOCABLE trust back in 1996???? Because he was a very smart man and knew his children better than they knew themselves.

Amy, it appears that you had little to do with the looting of Mom's trust account until just 4 days before her death, when both you and Anita received \$10k each, labeled "for future trust exp" and "redeposited into new Surv Trust acct". It is interesting to note that on 11/22/11 a new trust account was opened with \$500.00, and on 11/25/11 a \$25k online banking transfer "to start fund new trust acct" was made. What's up with all that? Where is my trust account? Were you unaware of Carole and Anita's pilfering, or was the Exxon stock a bribe for your silence

and corroboration? On March 6, 2012, you swore under oath that I am "disgruntled with the amount of information and accounting I and my sister have provided", that my contentions are "totally meritless", and that I am the "only one of five heirs who has taken this position". I give. You **are** the psychotic husband beating, child beating, ranting, raving, holy roller religious fanatic, and just plain mean lunatic I have continued to defend for more than 30 years. You kicked me in the teeth with your affidavit in support of removal of an **imaginary lis pendens**. Now what?

The next installment will analyze income and disbursements. Carole, you said you were an accountant. Did you lie about that too? Despite what you may think, I have a fun and exciting life outside of all of this, and I will never allow you to ruin it with your greed, stupidity, and ignorance.

The cat's out of the bag and the jig is up. You can't run and you can't hide.

Think about it! ME =  YOU =  I see  behind bars.

Dear Carole, Amy and Anita,

As I said previously, the three of you are joined at the hip now. Siamese triplets. Imagine that. Can any one of you think of someone you dislike more, or trust less, than your twisted sisters, now that you may be starting to see the almost WHOLE truth, for the first time? Do you have doubts about the saneness of all this? Carole talking to Anita, Anita talking to Amy and then Carole again. Selective disclosure, half truths, outright lies. Disrespecting one another TO one another in a succession of phone calls. Two-faced? I'm pondering just how I might be able to pit one of you against the other two, or the three of you against each other pointing the finger of blame and trying to excuse your own selves. We'll reach the finish line quicker if you start attacking each other. CAT FIGHT! How fun! 🐾

Follow the money on the schedules yourself. Put together a comprehensive time line based upon the dates you misappropriated, self-dealt and commingled, keeping in mind the penal code gauges the severity of the crime by the amount of money involved. Who got what, when, how, and for what purpose? It's a pretty sad sight. Bottom line (excuse my French), you're fucked.

P14952

If I am not totally thrilled with the offers I receive, this is how it will work.

I will go to the DA's office with what I have. I will accuse each of you with a first degree felony and the DA will launch an investigation. It won't take them long before they issue an information or indictment. You will be prosecuted.

At that juncture, your counsel will have no choice but to file a petition in Carl's case and in the federal court to suspend the proceedings until the resolution of the criminal action. The reason for that is that if you continue to answer the questions that I am asking truthfully, you are guaranteed to be convicted in the criminal court. (If you lie in order to try to avoid the truth, you are just sinking yourselves in the tar baby.) So you will have to plead the 5th amendment to remain silent in the civil action because of the pending criminal action. They will suspend the civil actions pending the outcome of the criminal proceeding and the DA will prove my case without me having to lift a finger or pay one red cent.

The question you need to be asking yourselves right now is, what is stopping me from going to the DA first thing Monday morning? Who is going to squeal like a pig to save their own ass? I get the feeling that not all of you will have that option.

Enjoy the remainder of your weekend.

Your loving sister,

Candy

She has nothing to hide? Gosh, it must be fucking St. Carole in the flesh. I am surprised her image has not appeared on some screen door somewhere or on a baked tortilla.

She has nothing to apologize for? She lied, spied, vascillated her loyalties constantly, gossiped and conspired , made a conscious decision to join in the fray in a sick and masochistic attempt to systematically dismantle her brother's life and family until we were very nearly & completely destroyed.

But they all fucking failed.

She got a wad of money that wasn't hers; all the while her brother's medical bills were piling up to the level of being obscene. She went along with the pirates and got paid off by them to keep quiet. She is the great pretender.

She stole from her older sister and only brother while he was at his most vulnerable, as well as from her ailing and dying mother.

She is as despicable & as evil as they are. She makes me want to vomit.

Dear Carole, Amy and Anita,

As I said previously, the three of you are joined at the hip now. Siamese triplets. Imagine that. Can any one of you think of someone you dislike more, or trust less, than your twisted sisters, now that you may be starting to see the almost WHOLE truth, for the first time? Do you have doubts about the saneness of all this? Carole talking to Anita, Anita talking to Amy and then Carole again.

Selective disclosure, half truths, outright lies.

Disrespecting one another TO one another in a succession of phone calls. Two-faced? I'm pondering just how I might be able to pit one of you against the other two, or the three of you against each other pointing the finger of blame and trying to excuse your own selves. We'll reach the finish line quicker if you start attacking each other.

CAT FIGHT! How fun! 

Follow the money on the schedules yourself. Put together a comprehensive time line based upon the dates you misappropriated, self-dealt and commingled, keeping in mind the penal code gauges the severity of the crime by the amount of money involved. Who got what, when, how, and for what purpose? It's a pretty sad sight.

Bottom line (excuse my French), you're fucked.

If I am not totally thrilled with the offers I receive, this is how it will work.

The truth is, Carole, there simply are no words to express my real feelings for you, Amy or Anita for what you all have done and have attempted to do to Carl, me, Marta and Haley, and even my own father.

We did not deserve the ruthlessness, misery and heartache you three have imposed on us.

I now know beyond a shadow of a doubt that you all have hated me and my daughter all of your miserable lives. But I really could not care less anymore. Yes, it hurt a lot at first to be conspired against in the most ruthless and cold-blooded ways imaginable during the most terrifying and heartbreaking times of our whole lives. I was under the false impression that families actually pulled together during a tragedy, but I couldn't have been more wrong.

I simply did not know who I was dealing with. The severe cruelty you all imposed upon me during Carl's illness was nothing short of godless.

The betrayal your brother feels from you is the worst, because he was closest to you growing up and thought that he had least had your loyalty. Now he knows better. He has seen the pilfering sheets and just sat and shook his head in disbelief; saying he never in a million years would have done anything like that to any of his sisters.

Marta will not even call any of you her family any longer. You have to realize what she has witnessed the three of you doing to her mother and father all of this time. She saw me not able to sleep or swallow food for months to the point of losing 25 pounds. She was here when Carl's personality was so different & difficult, and it literally shattered her heart. She also knows all of the money you all have pilfered for yourselves and even the other grand kids, leaving out her dad and herself from just plain and simple meanness.

And that is really what you all three are all about summed up in one word only: MEAN.

And I cannot even begin to describe the pain this has all brought upon my own dear father. Your actions have affected him as well, and he had just lost his beloved son. Then the three of you put him through even more heartache and misery and worry, not to mention the fact that he supported us the whole time so I could get my husband well. He was the one who cared about Carl's recovery & future, not any of you.

None of you ever made one attempt to ask about our bills or help us out in any way. As a matter of fact, I was even told that you all had a good laugh when your mother's check to Carl had bounced after you all tried to talk her out of helping her sick son.

Can you get more evil than that? Carl had realized what had happened because YOU TOLD HIM, it scared him to death, and he called your mother for help because

**P14957**

he had just had the clarity to realize he had lost everything. He was crying when he called her and I walked in on the conversation. It was heartbreaking to say the least.

You all watched and waited for us to go down, and attempted to even push us under.

I hate you all more than any words can ever describe. I relish the day when I never have to hear any of your miserable, rotten names again.
