Article VII

Upon the Death of One of Us

Section A. Settlement of Affairs

Upon the death of the first Founder to die, our Trustee is authorized, but not directed, to pay the following expenses, claims and liabilities which are attributable to the first Founder to die:

Funeral, burial and expenses of last illness

Statutory or court-ordered allowances for qualifying family members

Expenses of administration of the estate

Legally enforceable claims against the deceased Founder or the deceased Founder's estate

Taxes occasioned by death

Any payment authorized above is discretionary. No claim or right to payment may be enforced against this trust by virtue of such discretionary authority.

1. Deceased Founder's Probate Estate

Payments authorized under this Section shall be paid only to the extent that the probate assets (other than real estate, tangible personal property or property that, in our Trustee's judgment, is not readily marketable) are insufficient to make these payments. However, if our trust holds United States Treasury Bonds which are eligible for redemption at par in payment of the federal estate tax, our Trustee shall redeem such bonds to the extent necessary to pay federal estate tax as a result of a death.

Payments authorized under this Section may be made by our Trustee, in its sole and absolute discretion, either directly to the appropriate persons or institutions or to the personal representative of the deceased Founder's probate estate. If our Trustee makes payments directly to the personal representative

of the deceased Founder's probate estate, our Trustee shall not have any duty to see to the application of such payments. Any written statement of the deceased Founder's personal representative regarding material facts relating to these payments may be relied upon by our Trustee.

As an addition to our trust, our Trustee is authorized to purchase and retain in the form received any property which is a part of the deceased Founder's probate estate. In addition, our Trustee may make loans to the deceased Founder's probate estate with or without security. Our Trustee shall not be liable for any loss suffered by our trust as a result of the exercise of the powers granted in this paragraph.

Our Trustee shall be under no obligation to examine the records or accounts of the personal representative of the deceased Founder's probate estate and is authorized to accept distributions from the personal representative of the deceased Founder's probate estate without audit.

2. Exempt Property Excluded

Our Trustee shall not use any property in making any payments pursuant to this Section to the extent that such property is not included in the deceased Founder's gross estate for federal estate tax purposes. However, if our Trustee makes the determination, in its sole and absolute discretion, that other non-exempt property is not available for payments authorized under this Section, it may then use such exempt property where it is not economically prudent to use non-exempt property for the payment of such expenses.

3. Apportionment of Payments

Except as otherwise specifically provided in this trust declaration, all expenses and claims, and all estate, inheritance and death taxes, excluding any generation-skipping transfer tax, resulting from the death of a Founder shall be paid without apportionment and without reimbursement from any person.

Notwithstanding anything to the contrary in our trust, no death taxes payable as a result of the death of the first Founder to die shall be allocated to or paid from the Survivor's Trust or from any assets passing to the surviving Founder and qualifying for the federal estate tax marital deduction unless our Trustee has first used all other assets available to our Trustee.

Notwithstanding anything to the contrary in our trust declaration, estate, inheritance and death taxes assessed with regard to property passing outside

Except as otherwise specifically provided in this trust declaration, all expenses and claims, and all estate, inheritance and death taxes, excluding any generation-skipping transfer tax, resulting from the death of a Founder shall be paid without apportionment and without reimbursement from any person.

Notwithstanding anything to the contrary in our trust, no death taxes payable as a result of the death of the first Founder to die shall be allocated to or paid from the Survivor's Trust or from any assets passing to the surviving Founder and qualifying for the federal estate tax marital deduction unless our Trustee has first used all other assets available to our Trustee.

Notwithstanding anything to the contrary in our trust declaration, estate, inheritance and death taxes assessed with regard to property passing outside

of our trust or outside of our probate estates, but included in the gross estate of a Founder for federal estate tax purposes, shall be chargeable against the persons receiving such property.

Section B. Division and Distribution of Trust Property

Our Trustee shall divide the remaining trust property into two separate trusts upon the death of the first one of us to die. The resulting trusts shall be known as the Survivor's Trust and the Decedent's Trust.

1. Creation of the Survivor's Trust

The Survivor's Trust shall consist of the surviving Founder's interest in the community portion of the trust property, if any, and his or her separate portion of the trust property. In addition, the Survivor's Trust shall be the fractional share of the deceased Founder's trust property as follows:

a. Numerator of the Fractional Share

The numerator of the fractional share shall be the smallest amount which, if allowed as a marital deduction, would result in the least possible federal estate tax being payable as a result of the deceased Founder's death, after allowing for the unified credit against federal estate tax (after taking into account adjusted taxable gifts, if any) as finally determined for federal estate tax purposes, and the credit for state death taxes (but only to the extent that the use of this credit does not require an increase in the state death taxes paid).

The numerator shall be reduced by the value, for federal estate tax purposes, of any interest in property that qualifies for the federal estate tax marital deduction and which passes or has passed from the deceased Founder to the surviving Founder other than under this Article.

b. Denominator of the Fractional Share

The denominator of the fractional share shall consist of the value, as finally determined for federal estate tax purposes, of all of the deceased Founder's trust property under this agreement.

2. Creation of the Decedent's Trust

The Decedent's Trust shall consist of the balance of the trust property.

Section C. Valuation of Property Distributed to the Survivor's Trust

Our Trustee shall use those values as finally determined for federal estate tax purposes in making any computation which is necessary to determine the amount distributed to the Survivor's Trust. On the dates of distribution, the fair market value of all of the deceased Founder's property shall in no event be less than the amount of the Survivor's Trust as finally determined for federal estate tax purposes.

Section D. Conversion of Nonproductive Property

The surviving Founder shall at any time have the absolute right to compel our Trustee to convert nonproductive property held as an asset of the Survivor's Trust to productive property. Such right exists notwithstanding any contrary term in this agreement. The surviving Founder shall exercise this right by directing our Trustee in writing to convert such property.

Section E. Survivor's Right to Refuse Property or Powers Granted

With respect to property passing to the surviving Founder or for the surviving Founder's benefit, any portion of any interest in such property or power may be disclaimed by the surviving Founder within the time and under the conditions permitted by law with regard to disclaimers.

Any interest disclaimed by the surviving Founder with respect to any portion of the Survivor's Trust shall be added to the Decedent's Trust. Any interest disclaimed by the surviving Founder with respect to any portion of the Decedent's Trust shall be disposed of under the appropriate provisions of this agreement as though the surviving Founder had predeceased the first Founder to die.

Any disclaimer exercised must be an irrevocable and unqualified refusal to accept any portion of such interest in the property or power disclaimed. Such disclaimer must be delivered to our Trustee in writing.

of our trust or outside of our probate estates, but included in the gross estate of a Founder for federal estate tax purposes, shall be chargeable against the persons receiving such property.

Section B. Division and Distribution of Trust Property

Our Trustee shall divide the remaining trust property into two separate trusts upon the death of the first one of us to die. The resulting trusts shall be known as the Survivor's Trust and the Decedent's Trust.

1. Creation of the Survivor's Trust

The Survivor's Trust shall consist of the surviving Founder's interest in the community portion of the trust property, if any, and his or her separate portion of the trust property. In addition, the Survivor's Trust shall be the fractional share of the deceased Founder's trust property as follows:

a. Numerator of the Fractional Share

The numerator of the fractional share shall be the smallest amount which, if allowed as a marital deduction, would result in the least possible federal estate tax being payable as a result of the deceased Founder's death, after allowing for the unified credit against federal estate tax (after taking into account adjusted taxable gifts, if any) as finally determined for federal estate tax purposes, and the credit for state death taxes (but only to the extent that the use of this credit does not require an increase in the state death taxes paid).

The numerator shall be reduced by the value, for federal estate tax purposes, of any interest in property that qualifies for the federal estate tax marital deduction and which passes or has passed from the deceased Founder to the surviving Founder other than under this Article.

b. Denominator of the Fractional Share

The denominator of the fractional share shall consist of the value, as finally determined for federal estate tax purposes, of all of the deceased Founder's trust property under this agreement.

2. Creation of the Decedent's Trust

The Decedent's Trust shall consist of the balance of the trust property.

Section C. Valuation of Property Distributed to the Survivor's Trust

Our Trustee shall use those values as finally determined for federal estate tax purposes in making any computation which is necessary to determine the amount distributed to the Survivor's Trust. On the dates of distribution, the fair market value of all of the deceased Founder's property shall in no event be less than the amount of the Survivor's Trust as finally determined for federal estate tax purposes.

Section D. Conversion of Nonproductive Property

The surviving Founder shall at any time have the absolute right to compel our Trustee to convert nonproductive property held as an asset of the Survivor's Trust to productive property. Such right exists notwithstanding any contrary term in this agreement. The surviving Founder shall exercise this right by directing our Trustee in writing to convert such property.

Section E. Survivor's Right to Refuse Property or Powers Granted

With respect to property passing to the surviving Founder or for the surviving Founder's benefit, any portion of any interest in such property or power may be disclaimed by the surviving Founder within the time and under the conditions permitted by law with regard to disclaimers.

Any interest disclaimed by the surviving Founder with respect to any portion of the Survivor's Trust shall be added to the Decedent's Trust. Any interest disclaimed by the surviving Founder with respect to any portion of the Decedent's Trust shall be disposed of under the appropriate provisions of this agreement as though the surviving Founder had predeceased the first Founder to die.

Any disclaimer exercised must be an irrevocable and unqualified refusal to accept any portion of such interest in the property or power disclaimed. Such disclaimer must be delivered to our Trustee in writing.

Section F. Allocation of Trust Property

Subject to the conditions of Section B.1 of this Article, our Trustee shall have the complete authority to make allocations of the deceased Founder's trust property between the Survivor's and Decedent's Trusts.

Our Trustee may make allocations in cash or its equivalent, in kind, in undivided interests, or in any proportion thereof between the two trusts. Our Trustee may also, in its sole discretion, allocate such assets in kind based on the date of distribution values, rather than an undivided interest in each and every asset.

Our Trustee shall not allocate any property or assets, or proceeds from such property or assets, to the Survivor's Trust which would not qualify for the federal estate tax marital deduction in the deceased Founder's estate.

Our Trustee shall not allocate any policies of life insurance insuring the life of the surviving Founder to the Survivor's Trust that are the sole and separate property of the deceased Founder.

To the extent that there are insufficient assets qualifying for the marital deduction to fully fund this Survivor's Trust, the amount of the funding to the Survivor's Trust shall be reduced accordingly.

Our Trustee shall consider the tax consequences of allocating property subject to foreign death tax, property on which a tax credit is available, or property which is income in respect of a decedent under applicable tax laws prior to allocating the deceased Founder's property to the Survivor's Trust.

Section G. Distributions from Retirement Plan to the Survivor's Trust

If Retirement Plan distributions are included in the Survivor's Trust, or in any Survivor's Trust Share, our Trustee shall comply with the following guidelines.

1. Form of Distribution

Our Trustee may elect to receive distributions from any pension, profit sharing, individual retirement account, or other retirement plan ("Retirement Plan") for which our Trust, or any subtrust provided for herein, is named as beneficiary, in installments or in a lump sum.

2. Income Requirement

Our Trustee shall elect to receive distributions from a Retirement Plan payable to the Survivor's Trust or any Survivor's Trust Share in compliance with the minimum distribution rules of the Internal Revenue Code if applicable and also so that at least all income earned by the Retirement Plan each calendar year is distributed to the Trust and allocated to trust income during the year. If distributions from the Retirement Plan total less than all income earned by the Retirement Plan for a calendar year, our Trustee shall demand additional distributions equal to at least the shortfall so that the surviving Founder will receive all income earned by the Retirement Plan at least annually. The surviving Founder shall have full power, in such surviving Founder's discretion, to compel our Trustee to demand such distributions and to compel the Retirement Plan Trustee to convert any nonproductive property to productive property.

3. Retirement Plan Expenses

In calculating "all income earned by the Retirement Plan," our Trustee shall allocate all Retirement Plan expenses, including income taxes and Trustee's fees, that are attributable to principal distributions so that all income distributions from the Retirement Plan are not reduced.

Section F. Allocation of Trust Property

Subject to the conditions of Section B.1 of this Article, our Trustee shall have the complete authority to make allocations of the deceased Founder's trust property between the Survivor's and Decedent's Trusts.

Our Trustee may make allocations in cash or its equivalent, in kind, in undivided interests, or in any proportion thereof between the two trusts. Our Trustee may also, in its sole discretion, allocate such assets in kind based on the date of distribution values, rather than an undivided interest in each and every asset.

Our Trustee shall not allocate any property or assets, or proceeds from such property or assets, to the Survivor's Trust which would not qualify for the federal estate tax marital deduction in the deceased Founder's estate.

Our Trustee shall not allocate any policies of life insurance insuring the life of the surviving Founder to the Survivor's Trust that are the sole and separate property of the deceased Founder.

To the extent that there are insufficient assets qualifying for the marital deduction to fully fund this Survivor's Trust, the amount of the funding to the Survivor's Trust shall be reduced accordingly.

Our Trustee shall consider the tax consequences of allocating property subject to foreign death tax, property on which a tax credit is available, or property which is income in respect of a decedent under applicable tax laws prior to allocating the deceased Founder's property to the Survivor's Trust.

Section G. Distributions from Retirement Plan to the Survivor's Trust

If Retirement Plan distributions are included in the Survivor's Trust, or in any Survivor's Trust Share, our Trustee shall comply with the following guidelines.

1. Form of Distribution

Our Trustee may elect to receive distributions from any pension, profit sharing, individual retirement account, or other retirement plan ("Retirement Plan") for which our Trust, or any subtrust provided for herein, is named as beneficiary, in installments or in a lump sum.

2. Income Requirement

Our Trustee shall elect to receive distributions from a Retirement Plan payable to the Survivor's Trust or any Survivor's Trust Share in compliance with the minimum distribution rules of the Internal Revenue Code if applicable and also so that at least all income earned by the Retirement Plan each calendar year is distributed to the Trust and allocated to trust income during the year. If distributions from the Retirement Plan total less than all income earned by the Retirement Plan for a calendar year, our Trustee shall demand additional distributions equal to at least the shortfall so that the surviving Founder will receive all income earned by the Retirement Plan at least annually. The surviving Founder shall have full power, in such surviving Founder's discretion, to compel our Trustee to demand such distributions and to compel the Retirement Plan Trustee to convert any nonproductive property to productive property.

3. Retirement Plan Expenses

In calculating "all income earned by the Retirement Plan," our Trustee shall allocate all Retirement Plan expenses, including income taxes and Trustee's fees, that are attributable to principal distributions so that all income distributions from the Retirement Plan are not reduced.

Article XII

Our Trustees' Powers and Authority

Section A. Applicability of Texas Trust Code and Other Statutes

The Trustee shall have the powers, duties, and liabilities set forth in this declaration and as more specifically stated in this Article, as well as such powers, duties and liabilities set forth in the Texas Trust Code, and all other applicable state and federal statutes, as now enacted and as hereafter amended, except to the extent the same may be inconsistent with the provisions of this declaration, in which case the provisions of this declaration shall govern.

Section B. Powers to Be Exercised in the Best Interests of the Beneficiaries

The Trustee shall exercise the following administrative and investment powers without the order of any court, as the Trustee determines in its sole and absolute discretion to be in the best interests of the beneficiaries.

Notwithstanding anything to the contrary in this agreement, the Trustee shall not exercise any power in a manner inconsistent with the beneficiaries' right to the beneficial enjoyment of the trust property in accordance with the general principles of the law of trusts.

The Trustee may perform every act reasonably necessary to administer each and every share or trust created under this agreement.

Section C. General Investment and Management Powers

The Trustee is authorized to invest in such investments as the Trustee deems proper and prudent, even if such investments fail to constitute properly diversified trust investments or for any other reason could be considered to be improper trust investments. The Trustee's investment authority is intended to be quite broad, and shall include, but is not limited to, all authority that follows.

In addition, the Trustee is granted the authority to exercise any managerial powers of an individual with respect to matters affecting a trust, it being our intention to grant broad managerial discretion to the Trustee that is consistent with the management and administration of a trust, including the following managerial authorities.

Originally Contributed Properties

The Trustee may continue to hold and maintain all assets originally contributed to any trust.

Additional Properties

The Trustee is authorized to receive additional trust property, whether by gift, will, or otherwise, either from us, from either of us, or from any other person, corporation, or entity.

Upon receipt of any additional property, the Trustee shall administer and distribute the same as part of the trust property.

The Trustee may retain, without liability for depreciation or loss resulting from such retention, all property constituting the trust estate at the time of its creation or thereafter received from other sources.

The foregoing shall be acceptable even though such property may not be of the character prescribed by law for the investment of trust funds or may result in inadequate diversification of the trust property.

Securities Powers

The Trustee may invest and reinvest in such classes of stocks, bonds, securities, commodities, options, metals, or other property real or personal, as it shall determine.

The Trustee is authorized to buy, sell, and trade in securities of any nature, including short sales on margin. The Trustee may maintain and operate margin accounts with brokers, and may pledge any securities held or purchased by other Trustees with such brokers as securities for loans and advances made to the Trustee.

The Trustee may retain, exercise, or sell rights of conversion or subscription with respect to any securities held as part of the trust property.

The Trustee may vote or refrain from voting at corporate meetings either in person or by proxy, whether general or limited, and with or without substitutions.

Investment of Cash Assets

Article XII

Our Trustees' Powers and Authority

Section A. Applicability of Texas Trust Code and Other Statutes

The Trustee shall have the powers, duties, and liabilities set forth in this declaration and as more specifically stated in this Article, as well as such powers, duties and liabilities set forth in the Texas Trust Code, and all other applicable state and federal statutes, as now enacted and as hereafter amended, except to the extent the same may be inconsistent with the provisions of this declaration, in which case the provisions of this declaration shall govern.

Section B. Powers to Be Exercised in the Best Interests of the Beneficiaries

The Trustee shall exercise the following administrative and investment powers without the order of any court, as the Trustee determines in its sole and absolute discretion to be in the best interests of the beneficiaries.

Notwithstanding anything to the contrary in this agreement, the Trustee shall not exercise any power in a manner inconsistent with the beneficiaries' right to the beneficial enjoyment of the trust property in accordance with the general principles of the law of trusts.

The Trustee may perform every act reasonably necessary to administer each and every share or trust created under this agreement.

Section C. General Investment and Management Powers

The Trustee is authorized to invest in such investments as the Trustee deems proper and prudent, even if such investments fail to constitute properly diversified trust investments or for any other reason could be considered to be improper trust investments. The Trustee's investment authority is intended to be quite broad, and shall include, but is not limited to, all authority that follows.

In addition, the Trustee is granted the authority to exercise any managerial powers of an individual with respect to matters affecting a trust, it being our intention to grant broad managerial discretion to the Trustee that is consistent with the management and administration of a trust, including the following managerial authorities.

Originally Contributed Properties

The Trustee may continue to hold and maintain all assets originally contributed to any trust.

Additional Properties

The Trustee is authorized to receive additional trust property, whether by gift, will, or otherwise, either from us, from either of us, or from any other person, corporation, or entity.

Upon receipt of any additional property, the Trustee shall administer and distribute the same as part of the trust property.

The Trustee may retain, without liability for depreciation or loss resulting from such retention, all property constituting the trust estate at the time of its creation or thereafter received from other sources.

The foregoing shall be acceptable even though such property may not be of the character prescribed by law for the investment of trust funds or may result in inadequate diversification of the trust property.

Securities Powers

The Trustee may invest and reinvest in such classes of stocks, bonds, securities, commodities, options, metals, or other property real or personal, as it shall determine.

The Trustee is authorized to buy, sell, and trade in securities of any nature, including short sales on margin. The Trustee may maintain and operate margin accounts with brokers, and may pledge any securities held or purchased by other Trustees with such brokers as securities for loans and advances made to the Trustee.

The Trustee may retain, exercise, or sell rights of conversion or subscription with respect to any securities held as part of the trust property.

The Trustee may vote or refrain from voting at corporate meetings either in person or by proxy, whether general or limited, and with or without substitutions.

Investment of Cash Assets

A corporate entity serving as Trustee may deposit trust funds with itself as either a permanent or temporary investment, and may place trust funds under its administration in common trust funds established and maintained by such corporate trustee or its affiliate. In

determining where to invest cash resources, the Trustee may consider all factors, including facility of access and security of funds invested, as well as the stated rate of return.

Unproductive or Wasting Assets

Except as otherwise provided in this agreement, the Trustee may receive, acquire and maintain assets that may constitute unproductive, underproductive or wasting assets if the Trustee believes it is reasonable to do so. Upon the sale or disposition of any such asset, the Trustee need not make an allocation of any portion of the principal element of such sale proceeds to the income beneficiaries of the trust.

Personal Residence and Furnishings of Personal Residence

To the extent that the personal residence that we occupied at the date of the death of the first of us to die and any furnishings of such residence become part of a trust estate, the Trustee is authorized to continue to retain and use, to distribute in kind, or to sell any such assets should the Trustee believe the retention, use, distribution or sale of such assets would be beneficial to the survivor of us.

Mineral Properties

The Trustee shall have the power to acquire, exchange, maintain or sell mineral interests, and to make oil, gas and mineral leases covering any lands or mineral interests forming a part of a trust estate, including leases for periods extending beyond the duration of the trust.

The Trustee may pool or unitize any or all of the lands, mineral leaseholds or mineral interests of a trust with others for the purpose of developing and producing oil, gas or other minerals, and may make leases or assignments containing the right to pool or unitize.

The Trustee may enter into contracts and agreements relating to the installation or operation of absorption, repressuring and other processing plants, may drill or contract for the drilling of wells for oil, gas or other minerals, may enter into, renew and extend operating agreements and exploration contracts, may engage in secondary and tertiary recovery operations, may make "bottom hole" or "dry hole" contributions, and may deal otherwise with respect to mineral properties as an individual owner might deal with his own properties.

The Trustee may enter into contracts, conveyances and other agreements or transfers deemed necessary or desirable to carry out these powers, including division orders, oil, gas or other hydrocarbon sales contracts, processing agreements, and other contracts relating to the processing, handling, treating, transporting and marketing of oil, gas or other mineral production.

Any lease or other agreement may have a duration that the Trustee deems **reasonable**, even though extending beyond the duration of any trust created in this agreement.

The Trustee may drill, test, explore, mine, develop, and otherwise exploit any and all oil, gas, coal, and other mineral interests, and may select, employ, utilize, or participate in any business form, including partnerships, joint ventures, co-owners' groups, syndicates, and corporations, for the purpose of acquiring, holding, exploiting, developing, operating, or disposing of oil, gas, coal, and other mineral interests.

The Trustee may employ the services of consultants or outside specialists in connection with the evaluation, management, acquisition, disposition, or development of any mineral interests, and may pay the cost of such services from the principal or income of the trust property.

The Trustee may use the general assets of the trusts created under this agreement for the purposes of acquiring, holding, managing, developing, pooling, unitizing, repressuring, or disposing of any mineral interests.

The term "mineral" shall mean minerals of whatever kind and wherever located, whether surface or subsurface deposits, including (without limitation) coal, lignite and other hydrocarbons, iron ore, and uranium.

Power to Enter Into or Continue Business Activities

The Trustee shall have the authority to enter into, engage in, expand, carry on, terminate and liquidate any and all business activities, whether in proprietary, general or limited partnership, joint venture or corporate form, with such persons and entities as the Trustee deems proper. This power pertains to business activities in progress at the date of our deaths, and to business opportunities arising thereafter. Business activities conducted by the Trustee should be related to the administration and investment of the trust estate, for it is not our intention to convert any trust into an entity that would be taxable as an association for federal tax purposes.

Banking Authority

The Trustee is authorized to establish and maintain bank accounts of all types in one or more banking institutions that the Trustee may choose.

Corporate Activities

The Trustee may form, reorganize or dissolve corporations, and may exercise all rights of a stockholder, including the right to vote for or against mergers, consolidations and

Corporate Activities

The Trustee may form, reorganize or dissolve corporations, and may exercise all rights of a stockholder, including the right to vote for or against mergers, consolidations and

liquidations, and to act with or without substitution. An individual serving as Trustee may elect himself as an officer or director of a corporation owned in part or in whole by a trust created by this declaration, and a corporate entity serving as Trustee may elect one of its officers to such a position, and in each such instance the person so elected may be paid **reasonable** compensation for services rendered to such corporation in such capacity. The Trustee may retain, exercise or sell rights of conversion or subscription to any securities held as part of the trust property.

Agricultural Powers

The Trustee may retain, sell, acquire, and continue any farm or ranching operation whether as a sole proprietorship, partnership, or corporation.

The Trustee may engage and participate in any government farm program, whether state or federally sponsored.

The Trustee may purchase or rent machinery, equipment, livestock, poultry, feed, and seed.

The Trustee may improve and repair all farm and ranch properties; construct buildings, fences, and drainage facilities; acquire, retain, improve, and dispose of wells, water rights, ditch rights, and priorities of any nature.

The Trustee may, in general, do all things customary or desirable to operate a farm or ranch operation for the benefit of the beneficiaries of the various trusts created under this agreement.

Real Estate

The Trustee may purchase or sell real property, and may exchange, partition, subdivide, develop, manage, and improve real property. The Trustee may grant or acquire easements, may impose deed restrictions, may adjust boundaries, may raze existing improvements, and may dedicate land or rights in land for public use. The Trustee may construct, repair, alter, remodel, demolish or abandon improvements. The Trustee may take any other action reasonably necessary for the preservation of real estate and fixtures comprising a part of the trust property or the income therefrom.

Authority to Sell or Lease and Other Dispositive Powers

With or without disclosing fiduciary capacity, the Trustee may acquire title to property in the name of the Trustee or in the name of one or more nominees, and may allow its nominees to take possession of trust assets with or without direct custodial supervision by the Trustee.

Power to Lend Money and Guarantee Obligations

The Trustee may lend money to any person, to any business entity, to an estate, or to any trust, if the Trustee deems the loan to be in the best interests of the trust beneficiaries, provided that any such loan (except loans to beneficiaries) shall be adequately secured and shall bear a **reasonable** rate of interest.

The Trustee, in the Trustee's discretion, may endorse, guarantee, become the surety of or otherwise become obligated for or with respect to the debts or other obligations of any person or legal entity, whether with or without consideration, when the Trustee believes such actions advance the purposes of any trust created hereunder.

The Trustee may make loans from a beneficiary's trust share to or for the benefit of such a beneficiary on an unsecured basis, and for such rate of interest as the Trustee deems appropriate, when in the Trustee's judgment, such loan would be consistent with the purposes of such trust.

Power to Borrow

The Trustee may assume the payment of and renew and extend any indebtedness previously created by either or both Founders, and the Trustee may create new indebtedness and raise money by any means, including margin trading in securities, when the Trustee believes such borrowing will be beneficial to the trust estate.

The Trustee is authorized to secure the payment of each such indebtedness, and all renewals, extensions and refinancing of same, by pledge, mortgage, deed of trust or other encumbrance covering and binding all or any part of the trust estate of a trust.

The Trustee may loan its own monies to a trust and may charge and recover the then usual and customary rate of interest thereon when, in the discretion of Trustee, it is prudent to do so.

Payment of Indebtedness and Settlement Costs

The Trustee may in its sole discretion pay the funeral and burial expenses, expenses of the last illness, and valid claims and expenses of an income beneficiary of any trust created under this agreement.

Funeral and burial expenses shall include, but not be limited to, the cost of memorials of all types and memorial services of such kind as the Trustee shall approve. Valid claims and expenses shall include, but not be limited to, all state and federal death taxes.

The payments shall be paid from the assets of the trust or trusts from which the beneficiary was receiving income.

Transactions Between the Trustee and Our Personal Representatives

The Trustee is authorized to accept from our personal representatives, upon the termination or during the administration of our respective probate estates, if any, assets delivered by our personal representatives to the Trustee on the basis of the accounting submitted by the personal representatives, without requiring an audit or other independent accounting of the acts of our personal representatives, and the Trustee shall not have liability for the acts or omissions of our personal representatives. The foregoing shall not limit the right of our Trustee to request an accounting from our personal representatives and our personal representatives shall, upon request from the Trustee, furnish a complete accounting for their actions.

The Trustee shall have the power to purchase property from our estates at its fair market value, as determined by our personal representatives and by our Trustee, and to the extent required to permit such purchase of assets and to permit loans from the Trustee to our estate, we specifically waive application of the provisions of Section 352 of the Texas Probate Code and Sections 113.053 and 113.054 of the Texas Trust Code.

Commingling Trust Estates

For the purpose of convenience with regard to the administration and investment of the trust property, the Trustee may hold the several trusts created under this agreement as a common fund.

The Trustee may make joint investments with respect to the funds comprising the trust property.

The Trustee may enter into any transaction authorized by this Article with fiduciaries of other trusts or estates in which any beneficiary hereunder has an interest, even though such fiduciaries are also Trustees under this agreement.

Addition of Accumulated Income to Principal

The Trustee shall, on a convenient periodic basis, add the accumulated undistributed income of any trust which does not provide for mandatory income distributions to specified beneficiaries, and which does not require that any undistributed income be maintained separately for ultimate distribution to specified beneficiaries, to the principal of such trust.

Power to Lend Money and Guarantee Obligations

The Trustee may lend money to any person, to any business entity, to an estate, or to any trust, if the Trustee deems the loan to be in the best interests of the trust beneficiaries, provided that any such loan (except loans to beneficiaries) shall be adequately secured and shall bear a reasonable rate of interest.

The Trustee shall, on a convenient periodic basis, add the accumulated undistributed income of any trust which does not provide for mandatory income distributions to specified beneficiaries, and which does not require that any undistributed income be maintained separately for ultimate distribution to specified beneficiaries, to the principal of such trust.

Distributions Not Treated as Advancements

No distributions to a beneficiary of any trust created hereunder shall be treated as an advancement against the beneficiary's share of such trust unless the distribution is specially so treated on the Trustee's records at the time of the distribution or unless the Trustee gives notice of such fact to the beneficiary at the time of the distribution. If the Trustee has the discretion to make distributions from a trust to more than one beneficiary, the Trustee ordinarily should not treat distributions to any particular beneficiary as an advancement of that beneficiary's share of the trust unless an event has occurred causing the termination of such trust.

Tax Elections

The Trustee may exercise any available elections regarding state or federal income, inheritance, estate, succession or gift tax law including the right to elect any alternate valuation date for federal estate or inheritance tax purposes, the right to elect whether all or any parts of the administration of a deceased Founder's estate are to be used as estate tax deductions or income tax deductions, the right to make compensating adjustments between income and principal as a result of such elections if necessary, and the right to elect to have trust property qualify for the federal estate tax marital deduction as qualified terminable interest property under the appropriate provisions of the Internal Revenue Code and its regulations. The Trustee may also sign tax returns; pay any taxes, interest or penalties with regard to taxes; apply for and collect tax refunds thereon.

The Trustee is authorized to make elections available under applicable tax laws as the Trustee determines, in its discretion, to be advisable even though such elections may affect the interests of trust beneficiaries. The Trustee need not, but may, in its sole discretion, make equitable adjustments of the interests of the trust beneficiaries in light of the effect of such elections.

Transactions in Which the Trustee Has A Direct or Indirect Interest

We expressly waive prohibitions existing under the common law and the Texas Trust Code that might otherwise prohibit a person or entity who is serving as a Trustee from engaging in transactions with himself or itself personally, **so long as the consideration exchanged in any such transaction is fair and reasonable to the trust created by this declaration.** Specifically, we authorize the Trustee (a) to buy or sell trust property from or to an individual or entity serving as a Trustee, or from or to a relative, employee, business associate or affiliate of such individual serving as Trustee; (b) to sell or exchange and to transact other business activities involving properties of one trust with another trust under

the control of the Trustee; and (c) to sell or purchase from a trust the stock, bonds, obligations or other securities of the Trustee or its affiliate.

Notwithstanding the general powers conferred upon the Trustee, or anything to the contrary contained in this agreement, no individual Trustee shall exercise or participate in the exercise of discretion with respect to the distribution of trust income or principal to or for the benefit of such Trustee.

No individual Trustee shall exercise or participate in the exercise of such discretionary power with respect to distributions to any person or persons such Trustee is legally obligated to support as to that support obligation.

Section D. Apportionment of Receipts and Expenses Between Income and Principal

The Trustee shall have the power, exercisable in such Trustee's reasonable and sole discretion, to determine what is principal or income of a trust or trust share. The Trustee shall pay from income or principal all of the reasonable expenses attributable to the administration of the respective trusts created in this agreement. The Trustee shall have the power to establish a reasonable reserve for depreciation or depletion and to fund the same by appropriate charges against income of the trust estate. For purposes of determining an appropriate reserve for depreciable or depletable assets, the Trustee may (but need not) adopt the depreciation or depletion allowance available for federal income tax purposes.

Section E. Records, Books of Account and Reports

The Trustee shall promptly set up and thereafter maintain, or cause to be set up and maintained, proper books of account which shall accurately reflect the true financial condition of the trust estate. Such books of account shall at all reasonable times be open for inspection or audit only by current, mandatory income beneficiaries, their parent or court appointed guardians, and the duly authorized agents, attorneys, representatives and auditors of each, at the expense of the beneficiary making such inspection or audit.

The Trustee shall make a written financial report, at least semi-annually, to each beneficiary of the trust who is entitled to receive a present, mandatory income distribution, unless such beneficiary, or such beneficiary's parent or legal guardian, has executed a written waiver of the right to receive such a report. The Trustee shall not be obligated to provide financial reports to a beneficiary who is less than eighteen years old if such reports are being provided to a parent of such beneficiary. Such reports shall be submitted to the parent or guardian of a minor beneficiary, or to the guardian or other legal representative of any incapacitated beneficiary.

Section M. Termination and Distribution of Small Trust

If, in the discretionary judgment of the person(s) or entity serving as Trustee, other than a surviving Founder acting as Trustee, any trust shall at any time be a size which, in the Trustee's sole judgment, shall make it inadvisable or unnecessary to continue such trust, then the Trustee may distribute the trust estate of such trust to its beneficiaries in proportion to their respective presumptive interests in such trust at the time of such termination.

If either or both of us are a beneficiary of a trust terminated pursuant to this paragraph and are surviving at the date of such termination, the Trustee (other than a surviving Founder acting as Trustee) shall distribute the assets of such terminated trust to both of us or the survivor of us. The Trustee shall not be liable either for terminating or for refusing to terminate a trust as authorized by this paragraph.

Section N. Elimination of Duty to Create Identical Trusts

If the provisions of this trust direct the Trustee to hold any portion of its trust estate at its termination as the trust estate of a new trust for the benefit of any person or persons who already are beneficiaries of an existing identical trust, that portion of the terminating trust shall be added to the existing identical trust, and no new trust shall be created.

Section O. Powers of Trustee Subsequent to an Event of Termination

The Trustee shall have a reasonable period of time after the occurrence of an event of termination in which to wind up the administration of a trust and to make a distribution of its assets. During this period of time the Trustee shall continue to have and shall exercise all powers granted herein to the Trustee or conferred upon the Trustee by law until all provisions of this declaration are fully executed.

Section P. Requesting Financial Information of Trust Beneficiaries

In exercising its discretion to make any discretionary distributions to the beneficiaries of any trust created hereunder, the Trustee is authorized to request any financial information, including prior federal income tax returns, from the respective beneficiaries that the Trustee deems necessary in order to exercise its discretion in accordance with the provisions for making such distributions under this declaration.

Section Q. Retirement Plan Elections

Except as otherwise provided in this trust declaration, the Trustee may receive or disclaim any and all proceeds from retirement plans, including, but not limited to, qualified pension, profit sharing, Keogh, individual retirement accounts, or any other form or type of plan. The Trustee may make such elections and exercise options as provided in such plan, without liability to any beneficiary for the election made or option elected. Any disclaimed proceeds or benefits shall be paid in accordance with the terms, conditions, and directives set forth in the subject plan.

Section R. Qualification as a Qualified Subchapter S Trust

If any stock of an S corporation becomes distributable to a trust created under this agreement, and such trust is not a qualified Subchapter S trust, the Trustee may implement any of the following alternatives with respect to the S corporation stock:

1. A Sole Beneficiary

Where the original trust is for a sole beneficiary, the Trustee may create for that beneficiary a separate trust that qualifies as a Subchapter S trust, and then distribute such stock to the newly created trust.

2. Multiple Beneficiaries

Where the original trust is for multiple beneficiaries, the Trustee may divide the trust into separate trusts for each of the beneficiaries. Each newly created trust shall hold that beneficiary's pro rata share of the S corporation stock, and shall qualify as a Subchapter S trust.

3. Outright Distribution

If circumstances prevent the Trustee from accomplishing the first two alternatives under this paragraph, the Trustee may, in its sole and absolute discretion, distribute such stock to the beneficiaries as if the trust had terminated, while continuing to hold any other non-S corporation property in trust.

Each newly created S corporation trust shall have mandatory distributions of income and shall not provide for powers of appointment that can be exercised by the beneficiary during the beneficiary's lifetime. In all other respects, the

newly created trusts shall be as consistent as possible with the original trusts and still qualify as Subchapter S trusts.

The Trustee may take any action necessary with regard to S corporations, including making any elections required to qualify stock as S corporation stock, and may sign all required tax returns and forms.

Section S. Elective Deductions

A Trustee will have the discretionary authority to claim any obligation, expense, cost or loss as a deduction against either estate tax or income tax, or to make any election provided by Texas law, the Internal Revenue Code, or other applicable law, and the Trustee's decision will be conclusive and binding upon all interested parties and shall be effective without obligation to make an equitable adjustment or apportionment between or among the beneficiaries of this trust or the estate of a deceased beneficiary.

We, ELMER H. BRUNSTING and NELVA E. BRUNSTING, attest that we execute this trust declaration and the terms thereof will bind us, our successors and assigns, our heirs and personal representatives, and any Trustee of this trust. This instrument is to be effective upon the date recorded immediately below.

A Trustee will have the discretionary authority to claim any obligation, expense, cost or loss as a deduction against either estate tax or income tax, or to make any election provided by Texas law, the Internal Revenue Code, or other applicable law, and the Trustee's decision will be conclusive and binding upon all interested parties and shall be effective without obligation to make an equitable adjustment or apportionment between or among the beneficiaries of this trust or the estate of a deceased beneficiary.

Distributions Not Treated as Advancements

No distributions to a beneficiary of any trust created hereunder shall be treated as an advancement against the beneficiary's share of such trust unless the distribution is specially so treated on the Trustee's records at the time of the distribution or unless the Trustee gives notice of such fact to the beneficiary at the time of the distribution. If the Trustee has the discretion to make distributions from a trust to more than one beneficiary, the Trustee ordinarily should not treat distributions to any particular beneficiary as an advancement of that beneficiary's share of the trust unless an event has occurred causing the termination of such trust.

Tax Elections

The Trustee may exercise any available elections regarding state or federal income, inheritance, estate, succession or gift tax law including the right to elect any alternate valuation date for federal estate or inheritance tax purposes, the right to elect whether all or any parts of the administration of a deceased Founder's estate are to be used as estate tax deductions or income tax deductions, the right to make compensating adjustments between income and principal as a result of such elections if necessary, and the right to elect to have trust property qualify for the federal estate tax marital deduction as qualified terminable interest property under the appropriate provisions of the Internal Revenue Code and its regulations. The Trustee may also sign tax returns; pay any taxes, interest or penalties with regard to taxes; apply for and collect tax refunds thereon.

The Trustee is authorized to make elections available under applicable tax laws as the Trustee determines, in its discretion, to be advisable even though such elections may affect the interests of trust beneficiaries. The Trustee need not, but may, in its sole discretion, make equitable adjustments of the interests of the trust beneficiaries in light of the effect of such elections.

Transactions in Which the Trustee Has A Direct or Indirect Interest

We expressly waive prohibitions existing under the common law and the Texas Trust Code that might otherwise prohibit a person or entity who is serving as a Trustee from engaging in transactions with himself or itself personally, so long as the consideration exchanged in any such transaction is fair and reasonable to the trust created by this declaration. Specifically, we authorize the Trustee (a) to buy or sell trust property from or to an individual or entity serving as a Trustee, or from or to a relative, employee, business associate or affiliate of such individual serving as Trustee; (b) to sell or exchange and to transact other business activities involving properties of one trust with another trust under

the control of the Trustee; and (c) to sell or purchase from a trust the stock, bonds, obligations or other securities of the Trustee or its affiliate.

Notwithstanding the general powers conferred upon the Trustee, or anything to the contrary contained in this agreement, no individual Trustee shall exercise or participate in the exercise of discretion with respect to the distribution of trust income or principal to or for the benefit of such Trustee.

No individual Trustee shall exercise or participate in the exercise of such discretionary power with respect to distributions to any person or persons such Trustee is legally obligated to support as to that support obligation.

Section D. Apportionment of Receipts and Expenses Between Income and Principal

The Trustee shall have the power, exercisable in such Trustee's reasonable and sole discretion, to determine what is principal or income of a trust or trust share. The Trustee shall pay from income or principal all of the reasonable expenses attributable to the administration of the respective trusts created in this agreement. The Trustee shall have the power to establish a reasonable reserve for depreciation or depletion and to fund the same by appropriate charges against income of the trust estate. For purposes of determining an appropriate reserve for depreciable or depletable assets, the Trustee may (but need not) adopt the depreciation or depletion allowance available for federal income tax purposes.

Section E. Records, Books of Account and Reports

The Trustee shall promptly set up and thereafter maintain, or cause to be set up and maintained, proper books of account which shall accurately reflect the true financial condition of the trust estate. Such books of account shall at all reasonable times be open for inspection or audit only by current, mandatory income beneficiaries, their parent or court appointed guardians, and the duly authorized agents, attorneys, representatives and auditors of each, at the expense of the beneficiary making such inspection or audit.

The Trustee shall make a written financial report, at least semi-annually, to each beneficiary of the trust who is entitled to receive a present, mandatory income distribution, unless such beneficiary, or such beneficiary's parent or legal guardian, has executed a written waiver of the right to receive such a report. The Trustee shall not be obligated to provide financial reports to a beneficiary who is less than eighteen years old if such reports are being provided to a parent of such beneficiary. Such reports shall be submitted to the parent or guardian of a minor beneficiary, or to the guardian or other legal representative of any incapacitated beneficiary.

The first financial report shall identify all property initially received by the Trustee. The first report and each subsequent report shall include a statement of all property on hand at the end of such accounting period, of all property that has come to the knowledge or possession of the Trustee that has not been previously listed as property of the trust, of all known liabilities, of all receipts and disbursements during such period (including a statement as to whether the receipt or disbursement is of income or principal), and of such other facts as the Trustee deems necessary to furnish in order to provide adequate information as to the condition of the trust estate.

Except as otherwise provided in this declaration, should any person interested in a trust estate request an accounting for the Trustee's actions that is more extensive or more frequent than the accounting normally to be rendered, the Trustee may require such person to pay the additional costs incurred in preparing the same before complying with such request.

Section F. Trustee's Liability

No person or entity serving as Trustee without compensation shall be liable for any error of judgment or mistake of fact or law or for ordinary negligence, but shall be liable for acts involving willful misconduct, gross negligence or bad faith.

Unless otherwise provided, no person or entity serving as Trustee who is receiving compensation for his or its services hereunder shall be liable for any loss which may occur as a result of any actions taken or not taken by the Trustee if such person or entity has exercised the reasonable care, skill and prudence generally exercised by a compensated fiduciary with respect to the administration, investment, and management of similar estates.

No person or entity serving as Trustee shall be liable for the acts, omissions or defaults of any other person or entity serving as Trustee, agent or other person to whom duties may be properly delegated hereunder (except that each corporate trustee shall be liable for the acts, omissions and defaults of its officers and regular employees) if such agent or other person was engaged with reasonable care.

Unless a Trustee shall expressly contract and bind himself or itself individually, no Trustee shall incur any personal liability to any person or legal entity dealing with the Trustee in the administration of a trust. The Trustee shall be entitled to reimbursement from the properties of a trust for any liability or expense, whether in contract, tort or otherwise, incurred by the Trustee in the proper administration of a trust.

The Trustee shall be indemnified from the trust property for any damages sustained by the Trustee as a result of its exercising, in good faith, any of the authorities granted it under this trust declaration.

Section G. Duty of Third Parties Dealing with Trustee

No person dealing with the Trustee shall be responsible for the application of any assets delivered to the Trustee, and the receipt of the Trustee shall be a full discharge to the extent of the property delivered. No purchaser from or other person dealing with the Trustee, and no issuer or transfer agent of any securities to which any dealing with the Trustee shall relate, shall be under any duty to ascertain the power of the Trustee to purchase, sell, exchange, transfer, encumber or otherwise in any manner deal with any property held by the Trustee. No person dealing with the Trustee in good faith shall be under any duty to see that the terms of a trust are complied with or to inquire into the validity or propriety of any act of the Trustee.

Section H. Division and Distribution of Trust Estate

When the Trustee is required to divide or make distribution from a trust estate, in whole or in part, such division or distribution may be made by the Trustee in cash or in kind, or partly in cash and partly in kind, and the Trustee may assign or apportion to the distributees undivided interests in any assets then constituting a part of such trust estate. The Trustee may encumber property, may sell property, and may make non-pro-rata distributions when the Trustee believes it is practical or desirable and equitable to do so in order to effectuate a trust distribution regardless of the income tax basis of any asset.

If non-pro-rata distributions are to be made, the Trustee should attempt to allocate the tax basis of the assets distributed in an equitable manner among the beneficiaries of the trust, but the Trustee may at all times rely upon the written agreement of the trust beneficiaries as to the apportionment of assets. To the extent non-pro-rata distributions are made and the tax basis of the assets so distributed is not uniformly apportioned among beneficiaries, the Trustee may, but need not, make any equitable adjustments among such beneficiaries as a result of such nonuniformity in basis.

Section I. Life Insurance

The Trustee shall have the powers with regard to life insurance as set forth in this Section I, except as otherwise provided in this agreement.

The Trustee may purchase, accept, hold, and deal with as owner, policies of insurance on both Founders' individual or joint lives, the life of any trust beneficiary, or on the life of any person in whom any trust beneficiary has an insurable interest.

The first financial report shall identify all property initially received by the Trustee. The first report and each subsequent report shall include a statement of all property on hand at the end of such accounting period, of all property that has come to the knowledge or possession of the Trustee that has not been previously listed as property of the trust, of all known liabilities, of all receipts and disbursements during such period (including a statement as to whether the receipt or disbursement is of income or principal), and of such other facts as the Trustee deems necessary to furnish in order to provide adequate information as to the condition of the trust estate.

Except as otherwise provided in this declaration, should any person interested in a trust estate request an accounting for the Trustee's actions that is more extensive or more frequent than the accounting normally to be rendered, the Trustee may require such person to pay the additional costs incurred in preparing the same before complying with such request.

Section F. Trustee's Liability

No person or entity serving as Trustee without compensation shall be liable for any error of judgment or mistake of fact or law or for ordinary negligence, but shall be liable for acts involving willful misconduct, gross negligence or bad faith.

Unless otherwise provided, no person or entity serving as Trustee who is receiving compensation for his or its services hereunder shall be liable for any loss which may occur as a result of any actions taken or not taken by the Trustee if such person or entity has exercised the reasonable care, skill and prudence generally exercised by a compensated fiduciary with respect to the administration, investment, and management of similar estates.

No person or entity serving as Trustee shall be liable for the acts, omissions or defaults of any other person or entity serving as Trustee, agent or other person to whom duties may be properly delegated hereunder (except that each corporate trustee shall be liable for the acts, omissions and defaults of its officers and regular employees) if such agent or other person was engaged with reasonable care.

Unless a Trustee shall expressly contract and bind himself or itself individually, no Trustee shall incur any personal liability to any person or legal entity dealing with the Trustee in the administration of a trust. The Trustee shall be entitled to reimbursement from the properties of a trust for any liability or expense, whether in contract, tort or otherwise, incurred by the Trustee in the proper administration of a trust.

The Trustee shall be indemnified from the trust property for any damages sustained by the Trustee as a result of its exercising, in good faith, any of the authorities granted it under this trust declaration.

Section G. Duty of Third Parties Dealing with Trustee

No person dealing with the Trustee shall be responsible for the application of any assets delivered to the Trustee, and the receipt of the Trustee shall be a full discharge to the extent of the property delivered. No purchaser from or other person dealing with the Trustee, and no issuer or transfer agent of any securities to which any dealing with the Trustee shall relate, shall be under any duty to ascertain the power of the Trustee to purchase, sell, exchange, transfer, encumber or otherwise in any manner deal with any property held by the Trustee. No person dealing with the Trustee in good faith shall be under any duty to see that the terms of a trust are complied with or to inquire into the validity or propriety of any act of the Trustee.

Section H. Division and Distribution of Trust Estate

When the Trustee is required to divide or make distribution from a trust estate, in whole or in part, such division or distribution may be made by the Trustee in cash or in kind, or partly in cash and partly in kind, and the Trustee may assign or apportion to the distributees undivided interests in any assets then constituting a part of such trust estate. The Trustee may encumber property, may sell property, and may make non-pro-rata distributions when the Trustee believes it is practical or desirable and equitable to do so in order to effectuate a trust distribution regardless of the income tax basis of any asset.

If non-pro-rata distributions are to be made, the Trustee should attempt to allocate the tax basis of the assets distributed in an equitable manner among the beneficiaries of the trust, but the Trustee may at all times rely upon the written agreement of the trust beneficiaries as to the apportionment of assets. To the extent non-pro-rata distributions are made and the tax basis of the assets so distributed is not uniformly apportioned among beneficiaries, the Trustee may, but need not, make any equitable adjustments among such beneficiaries as a result of such nonuniformity in basis.

Section I. Life Insurance

The Trustee shall have the powers with regard to life insurance as set forth in this Section I, except as otherwise provided in this agreement.

The Trustee may purchase, accept, hold, and deal with as owner, policies of insurance on both Founders' individual or joint lives, the life of any trust beneficiary, or on the life of any person in whom any trust beneficiary has an insurable interest.

The Trustee shall have the power to execute or cancel any automatic premium loan agreement with respect to any policy, and shall have the power to elect or cancel any automatic premium loan provision in a life insurance policy.

The Trustee may borrow money with which to pay premiums due on any policy either from the company issuing the policy or from any other source and may assign any such policy as security for the loan.

The Trustee shall have the power to exercise any option contained in a policy with regard to any dividend or share of surplus apportioned to the policy, to reduce the amount of a policy or convert or exchange the policy, or to surrender a policy at any time for its cash value.

The Trustee may elect any paid-up insurance or any extended-term insurance nonforfeiture option contained in a policy.

The Trustee shall have the power to sell policies at their fair market value to the insured or to anyone having an insurable interest in the policies.

The Trustee shall have the right to exercise any other right, option, or benefit contained in a policy or permitted by the insurance company issuing that policy.

Upon termination of any trust created under this agreement, the Trustee shall have the power to transfer and assign the policies held by the trust as a distribution of trust property.

Section J. Insured Trustee's Authority

Any individual Trustee under this agreement, other than either Founder, is prohibited from exercising any power conferred on the owner of any policy which insures the life of such individual Trustee and which is held as part of the trust property.

If the Trustee holds any such policy or policies as a part of the trust property, the powers conferred on the owner of such a policy shall be exercised only by the other then acting Trustee.

If the insured Trustee is the only then acting Trustee, then such powers shall be exercised by a substitute Trustee designated pursuant to the provisions of this agreement dealing with the trusteeship.

If any rule of law or court decision construes the ability of the insured Trustee to name a substitute Trustee as an incident of ownership, the substitution process shall be implemented

by a majority of the then current mandatory and discretionary income beneficiaries, excluding the insured Trustee if the insured Trustee is a beneficiary.

Section K. Estimated Income Tax Payment Allocation

The Trustee, in its sole discretion, may elect or not elect to treat all or any portion of federal estimated taxes paid by any trust to be treated as a payment made by any one or more beneficiaries of such trust who are entitled to receive current distributions of income or principal from such trust. The election need not be made in a pro rata manner among all beneficiaries of the trust.

If there is an individual serving as a co-trustee who is a beneficiary of a trust created by this declaration, that individual may not take part in any decision to treat any trust estimated income tax payment as a payment by such individual.

In exercising or choosing not to exercise the discretion granted in this paragraph, the Trustee shall not be liable to any beneficiary or to any other persons directly or indirectly for any action or inaction so taken except for its willful fraud or gross negligence.

Section L. Merger of Trusts

If at any time the Trustee determines it would be in the best interest of the beneficiary or beneficiaries of any trust created by this declaration to transfer or merge all of the assets held in such trust with any other trust created either by trust instrument or by will for the benefit of the same beneficiary or beneficiaries and under substantially similar trusts, terms and conditions, the Trustee under this declaration, after giving not less than thirty days advance written notice to its beneficiaries, is authorized to transfer to or merge all of the assets held under the trust created by this declaration to such other substantially similar trust, and to terminate the trust created under this declaration regardless of whether the Trustee under this declaration also is acting as the trustee of such other trust.

The Trustee under this declaration shall not be subject to liability for delegation of its duties for any such transfer to a substantially similar trust having a different person or entity serving as trustee, and shall have no further liability with respect to trust assets properly delivered to the trustee of any such other substantially similar trust. Similarly, the Trustee of any trust created by this declaration is authorized to receive from the trustee of any other substantially similar trust the assets held under such other trust.

The Trustee shall have the power to execute or cancel any automatic premium loan agreement with respect to any policy, and shall have the power to elect or cancel any automatic premium loan provision in a life insurance policy.

The Trustee may borrow money with which to pay premiums due on any policy either from the company issuing the policy or from any other source and may assign any such policy as security for the loan.

The Trustee shall have the power to exercise any option contained in a policy with regard to any dividend or share of surplus apportioned to the policy, to reduce the amount of a policy or convert or exchange the policy, or to surrender a policy at any time for its cash value.

The Trustee may elect any paid-up insurance or any extended-term insurance nonforfeiture option contained in a policy.

The Trustee shall have the power to sell policies at their fair market value to the insured or to anyone having an insurable interest in the policies.

The Trustee shall have the right to exercise any other right, option, or benefit contained in a policy or permitted by the insurance company issuing that policy.

Upon termination of any trust created under this agreement, the Trustee shall have the power to transfer and assign the policies held by the trust as a distribution of trust property.

Section J. Insured Trustee's Authority

Any individual Trustee under this agreement, other than either Founder, is prohibited from exercising any power conferred on the owner of any policy which insures the life of such individual Trustee and which is held as part of the trust property.

If the Trustee holds any such policy or policies as a part of the trust property, the powers conferred on the owner of such a policy shall be exercised only by the other then acting Trustee.

If the insured Trustee is the only then acting Trustee, then such powers shall be exercised by a substitute Trustee designated pursuant to the provisions of this agreement dealing with the trusteeship.

If any rule of law or court decision construes the ability of the insured Trustee to name a substitute Trustee as an incident of ownership, the substitution process shall be implemented

by a majority of the then current mandatory and discretionary income beneficiaries, excluding the insured Trustee if the insured Trustee is a beneficiary.

Section K. Estimated Income Tax Payment Allocation

The Trustee, in its sole discretion, may elect or not elect to treat all or any portion of federal estimated taxes paid by any trust to be treated as a payment made by any one or more beneficiaries of such trust who are entitled to receive current distributions of income or principal from such trust. The election need not be made in a pro rata manner among all beneficiaries of the trust.

If there is an individual serving as a co-trustee who is a beneficiary of a trust created by this declaration, that individual may not take part in any decision to treat any trust estimated income tax payment as a payment by such individual.

In exercising or choosing not to exercise the discretion granted in this paragraph, the Trustee shall not be liable to any beneficiary or to any other persons directly or indirectly for any action or inaction so taken except for its willful fraud or gross negligence.

Section L. Merger of Trusts

If at any time the Trustee determines it would be in the best interest of the beneficiary or beneficiaries of any trust created by this declaration to transfer or merge all of the assets held in such trust with any other trust created either by trust instrument or by will for the benefit of the same beneficiary or beneficiaries and under substantially similar trusts, terms and conditions, the Trustee under this declaration, after giving not less than thirty days advance written notice to its beneficiaries, is authorized to transfer to or merge all of the assets held under the trust created by this declaration to such other substantially similar trust, and to terminate the trust created under this declaration regardless of whether the Trustee under this declaration also is acting as the trustee of such other trust.

The Trustee under this declaration shall not be subject to liability for delegation of its duties for any such transfer to a substantially similar trust having a different person or entity serving as trustee, and shall have no further liability with respect to trust assets properly delivered to the trustee of any such other substantially similar trust. Similarly, the Trustee of any trust created by this declaration is authorized to receive from the trustee of any other substantially similar trust the assets held under such other trust.

Section M. Termination and Distribution of Small Trust

If, in the discretionary judgment of the person(s) or entity serving as Trustee, other than a surviving Founder acting as Trustee, any trust shall at any time be a size which, in the Trustee's sole judgment, shall make it inadvisable or unnecessary to continue such trust, then the Trustee may distribute the trust estate of such trust to its beneficiaries in proportion to their respective presumptive interests in such trust at the time of such termination.

If either or both of us are a beneficiary of a trust terminated pursuant to this paragraph and are surviving at the date of such termination, the Trustee (other than a surviving Founder acting as Trustee) shall distribute the assets of such terminated trust to both of us or the survivor of us. The Trustee shall not be liable either for terminating or for refusing to terminate a trust as authorized by this paragraph.

Section N. Elimination of Duty to Create Identical Trusts

If the provisions of this trust direct the Trustee to hold any portion of its trust estate at its termination as the trust estate of a new trust for the benefit of any person or persons who already are beneficiaries of an existing identical trust, that portion of the terminating trust shall be added to the existing identical trust, and no new trust shall be created.

Section O. Powers of Trustee Subsequent to an Event of Termination

The Trustee shall have a reasonable period of time after the occurrence of an event of termination in which to wind up the administration of a trust and to make a distribution of its assets. During this period of time the Trustee shall continue to have and shall exercise all powers granted herein to the Trustee or conferred upon the Trustee by law until all provisions of this declaration are fully executed.

Section P. Requesting Financial Information of Trust Beneficiaries

In exercising its discretion to make any discretionary distributions to the beneficiaries of any trust created hereunder, the Trustee is authorized to request any financial information, including prior federal income tax returns, from the respective beneficiaries that the Trustee deems necessary in order to exercise its discretion in accordance with the provisions for making such distributions under this declaration.

Section Q. Retirement Plan Elections

Except as otherwise provided in this trust declaration, the Trustee may receive or disclaim any and all proceeds from retirement plans, including, but not limited to, qualified pension, profit sharing, Keogh, individual retirement accounts, or any other form or type of plan. The Trustee may make such elections and exercise options as provided in such plan, without liability to any beneficiary for the election made or option elected. Any disclaimed proceeds or benefits shall be paid in accordance with the terms, conditions, and directives set forth in the subject plan.

Section R. Qualification as a Qualified Subchapter S Trust

If any stock of an S corporation becomes distributable to a trust created under this agreement, and such trust is not a qualified Subchapter S trust, the Trustee may implement any of the following alternatives with respect to the S corporation stock:

1. A Sole Beneficiary

Where the original trust is for a sole beneficiary, the Trustee may create for that beneficiary a separate trust that qualifies as a Subchapter S trust, and then distribute such stock to the newly created trust.

2. Multiple Beneficiaries

Where the original trust is for multiple beneficiaries, the Trustee may divide the trust into separate trusts for each of the beneficiaries. Each newly created trust shall hold that beneficiary's pro rata share of the S corporation stock, and shall qualify as a Subchapter S trust.

3. Outright Distribution

If circumstances prevent the Trustee from accomplishing the first two alternatives under this paragraph, the Trustee may, in its sole and absolute discretion, distribute such stock to the beneficiaries as if the trust had terminated, while continuing to hold any other non-S corporation property in trust.

Each newly created S corporation trust shall have mandatory distributions of income and shall not provide for powers of appointment that can be exercised by the beneficiary during the beneficiary's lifetime. In all other respects, the
